Senate Foes Of ABM Net Claim System Worthless

WASHINGTON (AP) — Opponents of the administration's Safeguard program say a secret Pentagon chart shows the anti-missile system would give only a few months' additional insurance against a knockout Soviet

attack on U.S. missile bases. A key factor, they say, is the relatively small number of anti-ballistic missiles—ABMs—planned for the Safeguard system.

The chart, shown to senators

behind closed doors earlier this year, was the subject of considerable debate in the Senate Monday.

"We are skirting pretty close to classified information," ABM critic Sen. Stuart Symington D-Mo., observed at one point.

Both Symington, who wants the chart made public, and Sen. Howard H. Baker Jr., R-Tenn., an ABM supporter who wants it kept secret, agreed that the chart shows how many Soviet missiles would be needed to knock out the U.S. Minuteman intercontinental ballistic missile bases. The ABM is designed to protect those bases.

Baker said the chart "supports the decision by President Nixon for deployment of the ABM system."

But Symington said it shows that the ABM is not worth its large cost. "If the chart were declassified," he said, "it would show the relatively few additional missiles needed to overcome the Safeguard."

He inserted into the Congressional Record a letter to the New York Times by Stanford University physicist Dr. Wolfgang Panofsky, who, having seen the chart, concluded:

"If the number of Soviet SS9s (missiles) grew at the rate forecast by Secretary of Defense Melvin R. Laird, and if as a result Minutemen were endangered at some future time, then the danger would be exactly the same a few months later, even if Safeguard worked perfectly."

Laird has argued that the danger of a Soviet first strike with SS9s about 1975 is a major reason why Safeguard should be deployed to protect the U.S. missiles.

Although some banks promised not to up their rates to their smaller borrowers, Patman and other congressmen weren't buying.

Rep. James A. Burke, D-Mass., said the increase will disrupt the housing market. "It's now impossible for a family earning less than \$12,000 a year to buy a home," he said.

The boost in interest came when Congress is embroiled in a controversy over Nixon's proposal to extend the income surtax as a measure against inflation.

Patman Attacks 'Bank Conspiracy' In Interest Hike

WASHINGTON (AP) — Rep. Wright Patman, chairman of the powerful House Banking Committee, today urged President Nixon to withdraw government deposits from banks that raised their prime interest rates to an unprecedented 8½ per cent.

In a letter to the President, Patman, D-Tex., charged the boost announced by the banks Monday was a conspiracy that threatens to force the country into a severe recession.

"Mr. President," Patman

Jordan Gunners Fire On Israeli Border Patrol

TEL AVIV (AP) — Gunners in Jordan fired light weapons at an Israeli army patrol today, wounding a border guard, the army said.

The fire was returned, a spokesman said. The incident occurred near Neve Ur in the Beisan Valley south of the Sea of Galilee.

Thirty mortar shells also were fired from Jordan at the border outpost of Nahal Tsofar, in the Negev Desert halfway between the Dead Sea and the Red Sea, the spokesman said.

Again the Israelis fired back, and suffered no casualties or damage, he added.

Firemen Return

CLEVELAND, Ohio (AP) — The 35 firemen at Burke Lakefront and Cleveland Hopkins International Airports here have returned to work after reporting off sick for three days to protest the elimination of overtime for them.

Burger Wins Confirmation In 74-3 Vote

McCarthy, Nelson And Ohio's Young Cast 'No' Ballots

WASHINGTON (AP) — The Senate, moving with polished efficiency against a tiny, ineffectual group of dissenters, has overwhelmingly confirmed Warren E. Burger to be the nation's 15th chief justice.

After the few vocal critics failed to win a delay Monday, the Senate by a 74-3 vote put its stamp of approval on the 61-year-old Burger, nominated by President Nixon to succeed Earl Warren, who retires later this month.

The dissenters claimed consideration of the nomination should have been prolonged in order to hold a more careful and extensive look into the appointment, particularly in view of the Abe Fortas affair.

Sen. J. W. Fulbright, D-Ark., asked at one point during the rambling three-hour debate, "Why vote today?" When Sen. James O. Eastland, D-Miss., said there had been nearly no opposition to the appointment, Fulbright retorted: "There wasn't any opposition to Fortas, either."

The Arkansas senator said he knew of no reason to oppose Burger, a 14-year veteran of the federal Court of Appeals, but he thought the Fortas incident demanded a close look at any new Supreme Court appointment.

Fortas' 1965 nomination to the court went through the Senate in a fashion similar to the dispatch of the Burger appointment, although his selection last year to be chief justice fell short in a flap over his financial dealings, among other things.

The Burger success leaves Nixon with another court position to fill—the seat left vacant by Fortas' resignation. The President has indicated he will move quickly to bring the high court to full strength.

Most of the appointment supporters pointed to Burger as a tough man on law violators who won't go along with the activist and social-liberal nature of the court under Warren.

Sen. Eugene J. McCarthy, D-Minn., said he voted no "for reasons somewhat personal and political." Burger, a former Republican, is a Democrat.

OU Provost Thomas Smith Quits Post

ATHENS, Ohio (AP) — Ohio University Provost Thomas S. Smith announced his resignation today. He will become president of Lawrence University in Appleton, Wis. He had been on the OU staff 17 years.

The resignation becomes effective Aug. 15 when he will assume his new duties at Lawrence.

Dr. Smith was named OU provost in 1967 after having been vice president for academic affairs dating from 1962. He joined the faculty in 1952 and in 1961 served as assistant to the president.

Dr. Smith said his decision to leave had been made after much deliberation. "I have known real satisfaction in my work with administrators and faculty on the Ohio campus," he said. "... I am eagerly looking forward to my new association with Lawrence University."

Dr. Smith is a graduate of Kenyon College and holds a Ph.D. in physics from Ohio State University.

OU President Vernon R. Alden called Dr. Smith's departure "a great loss to Ohio University and the community."

Close Vote Seen On Sunday Liquor Sale Proposal

COLUMBUS, Ohio (AP)—The sponsor of a bill to permit Sunday liquor sales says things may be "tight" in the Ohio Senate when his proposal comes up for a vote.

But by the description "It's going to be tight," Rep. Richard R. Hollington Jr., R-65 Shaker Heights, was suggesting that the vote on the measure would be close.

The bill was scheduled to be voted on Wednesday and Hollington, who was marshalling his forces Monday night, said he had about 48 votes at last

count and was hoping to get the 50 needed for passage.

The bill, which came out of the powerful Rules Committee Monday, authorizes the sale of liquor on Sunday between 1 p.m. and midnight on a local option basis.

It would not make liquor available on Sunday in areas that now are "dry."

Voters could approve it in one of two forms—for all current permit holders—or limit it to businesses, such as hotels, where the sale of food and other services exceeds 50 per cent

of the total gross receipts.

In earlier action Monday, the House passed and sent to the Senate 87-5 a bill to provide licensing and strict regulation of private detective agencies in Ohio.

Rep. Keith McNamara, R-64 Columbus, the bill's sponsor, cited case after case where persons posing as private detectives have committed fraud.

The bill requires all private investigators to obtain a license from the director of the Ohio Department of Commerce. A state private investigator ad-

Police To Take 40-Hour Week Proposal To Voters

Circleville Police Monday night decided to take their plea for a 40-hour work week to the voters when they failed to reach accord with council during a three hour negotiation session at city hall.

Police and council disagreed on the basis on which overtime would be paid.

The proposal presented by police asked for a 40-hour week. However, the officers stated they would work a 48 hour shift at no additional pay.

They did ask that their overtime pay over 48 hours be based on the annual salary computed hourly on a 40 hour week.

THEY asked that as soon as the department is brought up

to its full strength they go on a straight 40-hour week.

They also asked that the city pay their share of hospitalization insurance and asked for extra days off at the discretion of the chief of police to help compensate for the "free" eight hours each week.

Council agreed to all conditions except the basis on which overtime would be paid. They felt that under existing legislation it would have to be computed on a 48 hour week.

Councilman David Goldschmidt told police that it would be impossible to write an ordinance as they desired.

Council offered to sign a "gentlemen's agreement" that the 40-hour week would be put into effect as soon as the

department was up to its full strength and that hospitalization benefits would begin if and when the city income tax was free of legal encumbrances.

Councilman Noble Barr stated the overtime pay provision sought by police would cost the city \$1,040 per man.

In declining council's alternative, police stated that the solons were not offering a thing they did not already have or had been promised earlier.

A SPOKESMAN department also pointed out the men did not feel a "gentlemen's agreement" would be binding on the next council if full strength was not attained by the first of the year.

During the discussion on the 40-hour week, Chief Robert Temple told the city fathers that he could not operate the department on a 40-hour week at the authorized strength of nine patrolmen and four sergeants.

"We would be in a pinch during vacations, especially if a man was sick," the chief told councilmen.

In spite of the fact they were displeased with the outcome of the meeting, police definitely

Hawks, Doves Get Together On Viet Troop Withdrawals

WASHINGTON (AP) — Hawks and doves in Congress are beginning to fly a common course toward withdrawal of U.S. troops from Vietnam, even though they still may disagree on when more cutbacks should take place.

Doves such as Sen. John Sherman Cooper, R-Ky., and hawks such as Sen. John Sparkman, D-Ala., are almost unanimous in hoping that President Nixon's decision to pull back 25,000 U.S. troops is only the beginning.

"Escalation," once a dirty word to Vietnam doves because it meant increased U.S. involvement in the war, is now taking on a new use. Both hawks and doves speak of "escalation" of troop withdrawals.

Sparkman, consistently a supporter of war policies, said he was disappointed that at least 50,000 U.S. troops were not going to be moved out of the war area.

"But if the situation works out, perhaps we can escalate the withdrawals, just as the input of troops was escalated," he said.

The Alabama senator, a senior member of the Foreign Relations Committee, said any such withdrawals would have to depend on whether there was any response from Hanoi.

Cooper, long a dove, said in a separate interview he hopes for such a response which might lead to progress in the Paris negotiations.

"But if there is no such response, we should continue to arm the South Vietnamese and by stages withdraw all of our troops," he said.

Sen. John G. Tower, R-Tex., found reason to believe that what he said is the growing military capability of Saigon's troops will "enable us to make significant reductions in the numbers of American troops in South Vietnam without downgrading our military posture or sacrificing our military initiative."

The National Commission on the Causes and Prevention of Violence said existing laws already withdraw aid from students who engage in disruptive acts, and "additional laws along the same lines would not accomplish any useful purpose."

Backers of the new House measure are led by Reps. John N. Erlenborn, R-Ill., and Edith Green, an Oregon Democrat who headed a subcommittee that could not reach agreement on any bill to clamp down on schools which fail to control disturbances.

The new bill is described as a compromise between backers of plans to shut off funds to any college which is disrupted by a demonstration and those who oppose any congressional action at all.

It would require universities applying for federal funds to file a certificate showing that—after consultation with administrators, faculty and students—a code of conduct with rules and regulations has been established.

The controversy has simmered since it was disclosed that Abe Fortas had considered a fee from the family foundation of a man later sent to prison, Fortas resigned from the Supreme Court, but the episode led to demands for tighter regulation of judges.

Warren, due to retire with the court's adjournment later this month, is believed anxious to have a code of conduct worked out before then—and before Congress attempts to impose one from the outside.

The conference's 11-member committee on court administration met late into the evening Monday at the court, presumably putting the finishing touches on proposed new standards.

Activities of the committee and of the conference itself have been secret.

Garrison Cities In U.S. Future, Report Warns

WASHINGTON (AP) — America will develop into a society of garrison cities unless it commits itself to massive political and social reform, a new study warned today.

"A democratic society cannot depend upon force as its recurrent answer to long-standing and legitimate grievances," says a staff report on "The Politics of Protest" made to the National Commission on the Causes and Prevention of Violence.

The commission, set up in the hours after the shooting of Sen. Robert F. Kennedy last year, has published previous studies on "Violence in America," "Firearms and Violence in American Life" and investigative reports on civil disturbances in Chicago, Miami, Cleveland and Washington.

"This nation cannot have it both ways," the new study concluded. "Either it will carry through a firm commitment to massive and widespread political and social reform, or it will develop into a society of garrison cities where order is enforced without due process of law and without consent of the governed."

The study was directed by Jerome H. Skolnick, a professor of sociology at the University of California, San Diego.

"Many commentators continue to write as if domestic political violence were a creation of the 1960s, as if the past had nothing to say to the present," the study says, citing numerous major revolts. "The moral is not that America is a 'sick society' but that like all other societies it has to confront the oldest problem of politics—the problem of the non-violent transfer of power."

Rep. Larry G. Smith, D-42 Cleveland, suggested insertion of a grandfather clause to protect those now working as private detectives, but McNamara rejected this.

"There are people in this business today that, frankly we do not want," McNamara explained.

The House concurred 85-0 with two Senate amendments on a bill to allow cities or counties to ask the governor to call in

visory commission would be set up to keep a close watch on their operations.

Under the amendments, sheriffs would be authorized to ask for patrol help in noncorporate areas and mayors in municipalities.

In the Senate, a bill was passed 29-0 and sent to the House to establish an Ohio Commission on Obscenity and Pornography.

The commission would report back to the legislature in 1970 with recommendations on how to halt obscene and pornographic materials from coming into Ohio.

The Senate sent to the House 28-1 a bill to bring state licensing of meat slaughtering and meat processing plants into line with the federal Wholesale Meat Act of 1967.

The federal law gives the Department of Health, Education and Welfare the power to declare a state subject to exclusive federal jurisdiction if it has not developed a satisfactory meat inspection program by Dec. 15, 1969.

Allied Probes Find Enemy Fortifications

SAIGON (AP) — Nearly 400 Viet Cong and North Vietnamese soldiers were killed in heavy ground fighting Monday after a brief lull in the Vietnam war, military spokesmen reported today.

The 5th Marine Regiment reported killing 186 North Vietnamese soldiers in a two-day battle 22 miles southwest of Da Nang, and the U.S. Command said 137 enemy troops were killed in four other clashes involving American forces. South Vietnamese headquarters claimed 70 enemy killed in two fights in Tay Ninh Province.

American losses were 18 killed and 95 wounded. Six Saigon government troops were reported killed, and 16 were wounded.

A Marine spokesman at Da Nang said North Vietnamese troops attacked a platoon of the 5th Regiment Sunday night, "we called in artillery, and then the big battle started."

Heavy air strikes and artillery pounded fortified enemy positions during the night, and about 500 Marines attacked Monday morning.

The fighting raged on the outskirts of An Hoa, the Marines' regimental headquarters, and through the rich lowlands rice area until 3 o'clock this morning.

"Traditionally, since 1965, the enemy has been putting pressure on this area," a Marine spokesman said.

COMPETITION was strong at Circleville Municipal Court Tuesday morning. The air conditioner and furnace were both running full blast. One side of the room was cold and the other hot as the two tried to outperform each other. Naomi Houghton, clerk of the court, explained that the air conditioner was turned on to cool the room down and then the furnace kicked on. Attempts to lower the setting on the furnace were not effective.

GAROLD Crites, 211 Watt St. brought the first ripe tomato of the season to The Herald today. The tomato was from a plant which Crites had set out about the first of May.

Crites requested that we not reveal the size of the tomato and we agreed not to. We can say, however, that the tomato could have been mailed first class for 12 cents anywhere within the United States.

Judicial Meeting Studies Ethics

WASHINGTON (AP) — Chief Justice Earl Warren called the U.S. Judicial Conference together today to decide what controls should be placed on the outside income and nonjudicial activities of federal judges—including those on the Supreme Court.

The controversy has simmered since it was disclosed that Abe Fortas had considered a fee from the family foundation of a man later sent to prison, Fortas resigned from the Supreme Court, but the episode led to demands for tighter regulation of judges.

Warren, due to retire with the court's adjournment later this month, is believed anxious to have a code of conduct worked out before then—and before Congress attempts to impose one from the outside.

College Bill To Demand Conduct Code

WASHINGTON (AP) — Sixteen members of the House Education and Labor Committee are pushing a bill calling for colleges and universities to formulate codes of conduct for their students or face loss of federal aid.

They took their antiriot proposal to the full 35-member committee today, confident of enough support to win approval of the compromise plan.

Introduction of the bill came Monday just as a presidential commission issued a report on campus violence which recommended, among other things, that lawmakers not rush to withdraw financial aid from schools that fail to control disorders.

The National Commission on the Causes and Prevention of Violence said existing laws already withdraw aid from students who engage in disruptive acts, and "additional laws along the same lines would not accomplish any useful purpose."

Backers of the new House measure are led by Reps. John N. Erlenborn, R-Ill., and Edith Green, an Oregon Democrat, who headed a subcommittee that could not reach agreement on any bill to clamp down on schools which fail to control disturbances.

The new bill is described as a compromise between backers of plans to shut off funds to any college which is disrupted by a demonstration and those who oppose any congressional action at all.

It would require universities applying for federal funds to file a certificate showing that—after consultation with administrators, faculty and students—a code of conduct with rules and regulations has been established.

RED CROSS CHRISTMAS — Christmas comes but once a year but preparations for a Red Cross Christmas were begun today at the Pickaway County Chapter Red Cross. Catherine Martin, Pauline Huston and Millie Conrad, Red Cross Volunteers, ready the cloth used in making Ditty Bags for Vietnam. Additional volunteers will aid in the sewing, finishing and filling of the Christmas Ditty Bags prior to mailing in October. A prepared list of items suitable for the bags for overseas servicemen is sent to clubs and organizations who wish to participate in the Red Cross Shop Early — Vietnam project.

Deaths And Funerals

MR. ROY E. CAIN
Mr. Roy E. Cain, 51, Route 1, Chillicothe, was dead on arrival 5:45 a.m. at Chillicothe Hospital today.

Born April 26, 1918 in Fayette County, he was the son of Jasper D. and Jennie Johnson Cain.

He was a salesman for the Midland Grocery Co. for 32 years. He was a veteran of World War II. He was a member of Scioto Lodge No. 6 F and AM, the American Legion, Fraternal Order of Eagles, VFW.

He is survived by his widow, Ruth Hockenberry Cain; his mother, Mrs. Jennie Cain, Chillicothe; two sons, Roy Lee Cain and Edwin E. Cain, both of Chillicothe; four grandchildren; three sisters, Mrs. James (Mae) Cobler, Columbus; Mrs. Dillon (Ernestine) Matthews, Indianapolis, Ind.; Mrs. Gerald (Marie) Bethel, Chillicothe; one brother, Jesse H. Cain, Chillicothe. He was preceded in death by one daughter.

Funeral services will be 11 a.m. Friday at the Fawcett-Oliver Funeral Home with the Rev. Lloyd Tuttle officiating.

Burial will be in Greenlawn Cemetery. Friends may call at the funeral home beginning 4 p.m. Thursday. F.O.E. services will be held 7:30 p.m. Thursday.

MRS. DELLA M. WEAVER
Mrs. Della M. Weaver, 64, formerly of Circleville, died 12:30 p.m. Monday in Athens.

Born September 14, 1904 in Vinton County, she was the

daughter of George and Rachel Stevens Tilton.

She is survived by five children, Mrs. Otto (Virginia) Wilson, Columbus; Mrs. Charles (Dorothy) Conrad, Sumpter Street; Paul L. Weaver, Miami, Fla.; Mrs. Benjamin (Mildred) Vandagriff, Eva Drive; John Roy Weaver, Route 1, Stoutsville and 13 grandchildren.

Services will be 2 p.m. Thursday at the First Church of Christ in Christian Union, where she was a member. Rev. Kenneth Fuller will officiate. Burial will be in Forest Cemetery.

Friends may call at the Mader Funeral Home beginning 1 p.m. Wednesday.

No License Case Tops Muny Docket

A Williamsport woman charged with driving without a license topped the Monday docket of Circleville Municipal Court.

Daisy Fletcher, 44, entered a plea of guilty to the charge and was fined \$100 plus costs and sentenced to jail for 30 days. Judge Sterling Lamb suspended the jail sentence and placed her on probation for one year.

Lester Fletcher, 60, Williamsport, entered a plea of guilty to a charge of letting an unlicensed driver operate his car. He was fined \$50 plus costs.

John Dahlen, 37, of 541 N. Court St., forfeited a \$30 bond set on a charge of speeding 80 miles per hour in a 50 mile zone.

Kenneth Hamilton, 35, of 441 Watt St., entered a plea of no contest to a charge of being intoxicated. He was fined \$10 plus costs.

Jennifer Boyer, 23, Wilson Trailer Court, forfeited a \$19 bond set on a charge of speeding 70 miles per hour in a 60 mile zone.

William Jackson, 42, Route 2, forfeited a \$19 bond set on a charge of speeding 70 miles per hour in a 60 mile zone.

John Rockwell, Dayton, was charged with violation of probation by being in arrears in the payment of support for his minor children. Rockwell had been placed on probation in June, 1966 for nonsupport.

The court ordered that Rockwell pay the \$852.90 he owes on support. Final disposition of the case was continued.

The court continued his case as to final disposition.

Ray Osborne, Zanesville, was charged with breaking and entering the EUB Church. The charge was reduced to petit larceny at the suggestion of the county prosecutor.

Osborne was sentenced to 60 days in the county jail.

Francis Beers, Cleveland, was sentenced to the Ohio Penitentiary for 1-5 years on a charge of possession of burglary tools.

Beers had been indicted by the April, 1969 grand jury for possession of burglary tools, breaking and entering and grand larceny. Judge Ammer nollied the other two charges.

Roy Mumaw, Circleville, requested a continuance to obtain counsel. The extended time was granted and Mumaw's bond was set at \$1,000.

John Rockwell, Dayton, was charged with violation of probation by being in arrears in the payment of support for his minor children. Rockwell had been placed on probation in June, 1966 for nonsupport.

The court ordered that Rockwell pay the \$852.90 he owes on support. Final disposition of the case was continued.

Forgery Cases Top County Court Docket

Forgery charges topped the Monday docket of Pickaway County Common Pleas Court Judge William Ammer.

Lee Smith, Circleville, indicted by the April, 1969 grand jury for forgery, entered a plea of guilty to a reduced charge of issuing a check with no account. County Prosecutor Roy Huffer Jr. suggested the reduced charge.

Smith was sentenced to six months in the county jail. The court ruled that the time he has spent in jail awaiting his trial will be credited to his sentence.

William Buzzard, Route 3, entered a guilty plea to a reduced charge of issuing a check with insufficient funds. He had been indicted on two charges of forgery.

Buzzard was also found guilty of violating his probation.

The court continued his case as to final disposition.

Ray Osborne, Zanesville, was charged with breaking and entering the EUB Church. The charge was reduced to petit larceny at the suggestion of the county prosecutor.

Osborne was sentenced to 60 days in the county jail.

Francis Beers, Cleveland, was sentenced to the Ohio Penitentiary for 1-5 years on a charge of possession of burglary tools.

Beers had been indicted by the April, 1969 grand jury for possession of burglary tools, breaking and entering and grand larceny. Judge Ammer nollied the other two charges.

Roy Mumaw, Circleville, requested a continuance to obtain counsel. The extended time was granted and Mumaw's bond was set at \$1,000.

John Rockwell, Dayton, was charged with violation of probation by being in arrears in the payment of support for his minor children. Rockwell had been placed on probation in June, 1966 for nonsupport.

The court ordered that Rockwell pay the \$852.90 he owes on support. Final disposition of the case was continued.

The court continued his case as to final disposition.

Ray Osborne, Zanesville, was charged with breaking and entering the EUB Church. The charge was reduced to petit larceny at the suggestion of the county prosecutor.

Today In Washington

By THE ASSOCIATED PRESS
WASHINGTON (AP) — Rather than improve a truck it has, the Army intends to acquire a new 1-ton truck for an extra \$150 million though the new vehicle offers only marginal improvements, says an Indiana congressman.

Rep. John Brademas, a Democrat, said Monday that according to a General Accounting Office report the new XM705 truck represents "an excessive expenditure for marginal improvements in combat effectiveness."

The Army is requesting funds to buy 50,000 of the new trucks from General Motors Corp. Kaiser Jeep Corp.—in Brademas' district—has offered to improve the present M715 truck at a cost of \$3,000 less per vehicle, he said in testimony before a House appropriations subcommittee.

Brademas also cited a 1968 Army Materiel Command report which said, in part, the XM705 has all the uncertainties associated with a vehicle that does not exist.

WASHINGTON (AP) — The Supreme Court has rejected claims that Negroes have a right to refuse induction orders issued by all-white, or virtually all white, draft boards.

The majority Monday in the 5-3 vote gave no comment on deciding not to hear the case.

In a dissent, Justice William O. Douglas, said the case should have been heard to examine, among other things, if "the presence of an all-white board in a racially prejudiced community may well result in blacks carrying more than their fair share of the Vietnam burden."

The case concerned Cleveland L. Sellers Jr., a former program director for the Student Nonviolent coordinating committee, who refused induction in 1967. Sellers, 24, was then convicted and sentenced to five years in prison.

WASHINGTON (AP) — Merck Sharp & Dohme of West Point, Pa., is the first U.S. firm to be licensed to produce a live attenuated virus vaccine against German measles.

The licensing, announced Monday by the Department of Health, Education and Welfare, is one of the first steps in a massive immunization campaign against the possibility of an epidemic next year.

German measles, or the rubella infection, was put as the cause for 50,000 deaths and deformities in newborn children in 1964 and 1965.

WASHINGTON (AP) — Promising results were reported today for experiments with a new principle in heart-lung machines used in open heart surgery.

The principle concerns the oxygenation of the blood, or, instead, eventual damage is done after ducing oxygen and removing carbon dioxide.

Presently, the circulation of the blood outside the body during surgery is limited because eventual damage is done after several hours.

The new process, described by a team from the Cleveland Clinic, brings the blood into gentle contact with a liquid that has a high capacity for carrying oxygen.

Processes employed now have oxygen passing through a thin membrane, or, oxygen being bubbled directly into the blood.

Charge Children In Fatal Blaze

PARKERSBURG, W. Va. (AP) — Warrants charging murder were issued by the Wood County prosecutor's office today against two young children whose parents and 10 brothers and sisters perished in a house fire early Sunday.

Prosecutor Bruce White said the warrants were issued against Roger Bailey, 13, and his sister Susan, 15. He said this followed an investigation which produced evidence of arson in the house blaze.

White said the children were only being charged with murder of their father, Charles Bailey, 41.

"We obviously wouldn't set forth charges in all the deaths, so at random we settled on the father's name," White told The Associated Press.

He said arraignment was scheduled for later in the day.

White said the youngsters were being held in the detectives bureau of the city police department pending arraignment.

The predawn fire whipped through the family's small frame home here Sunday. The only occupant to flee the flames was the children's grandfather, Obie, 63.

Emmett C. Rousch, assistant state fire marshal, said earlier that two persons had admitted setting the fire. However he declined at that time to identify those involved.

Following the fire, Roger and Susan told authorities they escaped the fire because they were sleeping in a two-room structure behind the family's eight-room house.

They said they watched helplessly as the fire engulfed the house.

By THE ASSOCIATED PRESS
WASHINGTON (AP) — Rather than improve a truck it has, the Army intends to acquire a new 1 ton truck for an extra \$150 million though the new vehicle offers only marginal improvements, says an Indiana congressman.

Rep. John Brademas, a Democrat, said Monday that according to a General Accounting Office report the new XM705 truck represents "an excessive expenditure for marginal improvements in combat effectiveness."

The Army is requesting funds to buy 50,000 of the new trucks from General Motors Corp. Kaiser Jeep Corp.—in Brademas' district—has offered to improve the present M715 truck at a cost of \$3,000 less per vehicle, he said in testimony before a House appropriations subcommittee.

Brademas also cited a 1968 Army Materiel Command report which said, in part, the XM705 has all the uncertainties associated with a vehicle that does not exist.

WASHINGTON (AP) — The Supreme Court has rejected claims that Negroes have a right to refuse induction orders issued by all-white, or virtually all white, draft boards.

The majority Monday in the 5-3 vote gave no comment on deciding not to hear the case.

In a dissent, Justice William O. Douglas, said the case should have been heard to examine, among other things, if "the presence of an all-white board in a racially prejudiced community may well result in blacks carrying more than their fair share of the Vietnam burden."

The case concerned Cleveland L. Sellers Jr., a former pro-

gram director for the Student Nonviolent coordinating committee, who refused induction in 1967. Sellers, 24, was then convicted and sentenced to five years in prison.

WASHINGTON (AP)—Merck Sharp & Dohme of West Point, Pa., is the first U.S. firm to be licensed to produce a live attenuated virus vaccine against German measles.

The licensing, announced Monday by the Department of Health, Education and Welfare, is one of the first steps in a massive immunization campaign against the possibility of an epidemic next year.

German measles, or, the rubella infection, was put as the cause for 50,000 deaths and deformities in newborn children in 1964 and 1965.

WASHINGTON (AP) — Promising results were reported today for experiments with a new principle in heart-lung machines used in open heart surgery.

The principle concerns the oxygenation of the blood, or, introduction of oxygen and removing carbon dioxide.

Presently, the circulation of the blood outside the body during surgery is limited because eventual damage is done after several hours.

The new process, described by a team from the Cleveland Clinic, brings the blood into gentle contact with a liquid that has a high capacity for carrying oxygen.

Processes employed now have oxygen passing through a thin membrane, or, oxygen being bubbled directly into the blood.

Youth Wounded While Checking Target Pistol

An Ashville area youth was accidentally shot in the leg Monday while examining a target pistol.

Charles Southall, 17, Route 2, Ashville, was treated at Berger Hospital for the wound. The bullet lodged in his right calf.

Southall explained that he had been shooting a .22 caliber revolver near Ringgold about 7:54 p.m. Monday when he stopped to examine the gun. The casing on one of the bullets exploded while he was looking at it, he stated.

Charge Children In Fatal Blaze

PARKERSBURG, W. Va. (AP) — Warrants charging murder were issued by the Wood County prosecutor's office today against two young children whose parents and 10 brothers and sisters perished in a house fire early Sunday.

Prosecutor Bruce White said the warrants were issued against Roger Bailey, 13, and his sister Susan, 15. He said this followed an investigation which produced evidence of arson in the house blaze.

White said the children were only being charged with murder of their father, Charles Bailey, 41.

"We obviously wouldn't set forth charges in all the deaths, so at random we settled on the father's name," White told The Associated Press.

He said arraignment was scheduled for later in the day. White said the youngsters were being held in the detective bureau of the city police department pending arraignment.

The pre-dawn fire whipped through the family's small frame home here Sunday. The only occupant to flee the flames was the children's grandfather, Obie, 63.

Emmett C. Rousch, assistant state fire marshal, said earlier that two persons had admitted setting the fire. However he declined at that time to identify those involved.

Following the fire, Roger and Susan told authorities they escaped the fire because they were sleeping in a two-room structure behind the family's eight-room house.

They said they watched helplessly as the fire engulfed the house.

"DO UNTO OTHERS BEFORE THEY DO UNTO YOU."

It's the new Golden Rule.

Someone will say it jokingly and laugh. And you'll probably laugh too, rather than seem like a prude. It's all in good fun.

The only trouble is, some people are taking this new Golden Rule to heart. They're working hour after hour, seven days a week, in order to get the jump on the other guy.

Of course, they still believe in God and all that . . . but this is a dog-eat-dog world, isn't it?

It may be, but it doesn't have to be. Why not take one day out this week and visit the church or synagogue of your choice?

The Golden Rule taught there is an older one. But it's also a better one.

Letter To The Editor

EDITOR'S NOTE — We welcome letters to the editor. In order to be considered for publication, they must bear the correct name and address of the writer. Anonymous letters and those signed with the request that signatures be withheld will not be accepted for publication. Opinions expressed in this column are those of the writers and not necessarily those of The Herald.

Dear Editor:

The Circleville Police deserve all the benefits that they can get. They put up their uniforms and go to work not knowing what all might happen before they return home to their families.

Many times while performing their duties to protect the citizens of Circleville, they have been cursed, slugged and kicked by the lawbreakers that they are bringing to justice. Why should these men jeopardize their lives and limbs when often their cases are not properly dealt with in court?

Anyone who abuses an officer of the law while he is properly performing his duty should have the book thrown at him instead of the love taps on the wrist that has been handed down many times in the local courts. There are many punks and hoodlums that more or less openly defy the law because they know that the local court is weak.

I recall one time that I caught a local man breaking a radio antenna off of a truck. I told the owner, so he filed charges against the man. The truck owner was told that the case would be heard on a certain date, so he laid off work in Lancaster to attend.

Upon arriving in the courtroom, the truck owner was informed that the defendant had wanted it postponed, which would have been all right I suppose, if the court would have informed the truck owner so that he would not have had to make an unnecessary trip over here from Lancaster.

When they finally got around

Storms Rake West, South With Hail

By THE ASSOCIATED PRESS

Thunderstorms diminished across the West and the South today after raking both regions with heavy rain, wind and hail.

The North Carolina town of Smithfield, southeast of Raleigh, was swamped by nearly 3 inches of rain Monday afternoon and evening. Almost 1 1/2 inches poured onto the Raleigh-Durham airport in one hour, and a similar downpour soaked Columbia, S.C., in an equally short time.

Hailstones the size of golf balls thrashed Cedar Bluff, in northern Alabama, Monday night. Large hail covered the ground in an area east of El Paso, Tex., after a violent thunderstorm.

The storms ranged northward out of Texas and New Mexico through the Rockies into Montana where Butte was hit by hail and nearly an inch of rain.

Clear and crisp weather maintained an unseasonable chill over the Midwest and seeped into the Northeast during the night.

Coolest temperatures were centered in the eastern Great Lakes region. Readings in the lower 40s were widespread across Michigan. Bradford, Pa., registered 41 before daybreak.

Painter Shows Love For Wife Via Big Signs

COLUMBUS, Ohio (AP) — James N. Spafford loves his wife and she knows it. So do hundreds of others who pass the signs he painted on an Ohio State University building under construction.

Spafford, 27, is a plumber working on the Basic Science building across the street from University Hospital where his wife is a patient suffering from hepatitis.

"They wouldn't let me get close enough to Barbara to tell her, so I just wrote her a note," Spafford said. His "note" consists of two signs. The first, in 10-inch letters, reads: "I Love You, Hi Barbara. The other, in 18-inch high letters says simply: "I Love You."

His wife says she can see the larger of the two signs at night when the lights go on.

Venison Is Costly

SYRACUSE, N.Y. (AP) — A motorist may keep the venison if his car is damaged when it hits a deer, state police say. Cost of repairing such damage usually is \$100 to \$500.

to hearing the case, I testified for the plaintiff. Here was the decision handed down by the court: Guilty — Fined \$25 and costs with \$25 suspended. How about that Sports Fans?

The plaintiff laid off work two days to appear and the defendant got off practically free. The same night that the truck antenna was broken off, four or five cars parked on S. Scioto Street in the vicinity of the above defendant's home had their antennas broken the same way. Coincidence? Maybe, maybe not. Who knows? The person that did it was not caught.

Vandalism continues to flourish in this area. If the court would impose the limit of punishment on the convicted offenders maybe there would not be quite so much of it. Most generally, the vandals are not caught, but I have heard of instances when people did not want to get involved because they thought it did not concern them. That is a very poor citizen to have that kind of an attitude.

In direct contrast to the previously named case, a man who was an employee of Eshelman's mill was arrested for a faulty muffler. He had been in the hospital, but had not been released by the doctor to go back to work. A married daughter of his lost everything in a fire, so they moved in with pop until such a time that they could get relocated.

To help them, pop went back to work ahead of the Doctor's orders and got arrested for the faulty muffler. The Judge gave him a scolding for it and fined him \$25 and costs, but in this case did not suspend the fine.

Many times the Judge has fined the supposedly tough guys in this town that have been in front of him many times before. Then he suspends all or part of their fine and jail sentence, telling them not to break any of the laws or else.

These same people have been brought back into court for additional offenses but I have yet to hear that the backlog of sentences was imposed on them. Instead, he fines them and extends their probation. That constitutes a farce in my estimation.

I could go on and name a lot more cases, but I do not want to take up too much space and besides I am fed up with the local court situation. It seems to boil down to this: You are a worse criminal to have a faulty muffler than you are to go around town vandalizing, fighting and bellying the general public.

We need a court that will stand behind the officers of the law 100 per cent and deal out just punishment to meet the various offenses and then we can say that the officers have not jeopardized their lives in vain.

Youngsters Swift With Definitions

COLUMBUS, Ohio (AP)—The English vocabulary can be confusing to first and second grade youngsters.

But when asked to define a word they don't hesitate to offer their idea of what it means.

Edwina Johnson, a primary language development teacher at Franklinton Elementary School here, compiled a group of the pupil definitions in a little dictionary.

Some of the words and definitions given:

Attic—"A dark place you keep junk in."

Catfish—"A fish that eats cats."

Cattle—"Bulls and stuff like that."

Cure—"You're not going to have a baby."

Drain—"The thing water gets stuck in before you call the plumber."

Gate—"The door for a fence."

Hero—"The boss of the cowboys with a badge."

Hip—"Like your shoulder only lower."

Lover—"A man who loves your mother."

Mosquito—"A fly that bites you."

Sofa—"A big chair."

Sweat—"Water that comes from the sun."

Whiskers—"Hard hair on a cat's cheek."

Young GOP Club Meets

The Pickaway County Young Republican Club met at the home of the president, Eugene H. Dowler, 315 Lewis Road, Friday.

Jan Wolfe, secretary of the Ohio League of Young Republican Clubs and candidate for the office of co-chairman, spoke on recruiting new members.

Roger Gillespie, treasurer of the Ohio League and candidate for chairman, presented some fund raising ideas to the club.

Miss Wolfe works in the attorney general office and Gillespie, who is from Middletown, is an insurance agent.

The Young Republican Club is now conducting a membership drive. Dowler is urging all young republicans within Pickaway County to join. Those interested in joining may contact Dowler at his home, either by mail or by telephone after 4 p.m.

One of the more important topics discussed was the coming convention at the Sheraton-Gibson Hotel, Cincinnati, Aug. 8-9. The annual election of state officers will be held at the convention.

Dowler noted that the local Young Republican Club will be sending delegates to the convention.

Wealthy Solon Bares Financial Interests

By LAWRENCE L. KNUTSON
Associated Press Writer

WASHINGTON (AP) — A North Dakota congressman, volunteering details of a private fortune of more than \$3.5 million, freely concedes some of his holdings could involve him in a conflict of interests with his House duties.

Rep. Thomas S. Kleppe said he intends to avoid such a pitfall, if a direct conflict ever arises, by voting "present," instead of aye or nay.

A former Bismarck, N.D., mayor and past treasurer of his state's Republican party, Kleppe disclosed he holds com-

mon stock and municipal bonds valued at \$3,514,942, which he said resulted in \$67,031 in income during 1968.

While not unprecedented, Kleppe's disclosure is unusual for a member of Congress holding extremely large and varied assets.

House members, who are now paid \$42,500 annually, are required under recent ethics legislation to make public only the names of stock and bond holdings worth more than \$5,000. They list the worth of their assets also, but that information is kept secret by the House Ethics Committee.

Kleppe's portfolio of 46 stocks and 19 municipal bonds includes, he said, \$1.13 million in the common stock of International Business Machines Inc.

He said any conflict would come because of his membership on the board of directors of Cardinal Petroleum Inc., Billings, Mont., in which he owns \$273,600 in stock, and a director-

ship of Bismarck's Dakota National Bank in which he owns stock worth \$18,750.

"Yes, I do think I have a conflict," Kleppe said. "If a bill was on the floor to end or cut back the oil depletion allowance

Countians Buy 1339 Vehicles During May

Pickaway Countians purchased 181 new vehicles during May, according to Sara Dresbach, clerk of courts.

A total of 1,339 titles were issued to new and used vehicles during the month and \$3,103 was received in title fees.

The clerk's office received \$40,402.17 in dealer's sales taxes and \$5,359.87 in casual and use taxes.

There were 606 liens issued and 394 cancellations of liens during the month.

Chevrolets topped the new vehicles sold during the month with a total of 41. Fords were second in the number sold during the month with 30.

Other cars sold in the county included Pontiac, 12; Plymouth, 11; Volkswagens, 9; Buick, 8; Oldsmobiles, 6; Opel and Dodge, 5; Chrysler, GMC, Rambler and International, 3; Mercury and Fiat, 2; Renel and Lincoln, 1.

There were eight motorcycles sold during May, mobile homes, 15; travel trailers, 3; and boat and motors, 11.

OHIO CASH GRAIN

COLUMBUS, Ohio (AP) — Ohio Dept. of Agri. cash grain prices: No. 2 red wheat unchanged to 1 lower 1.16 - 1.22, mostly 1.16-1.21; No. 2 yellow corn unchanged to 1 higher 1.17-1.23 per bu., mostly 1.18-1.21; No. 2 oats unchanged to 1 higher .56-.62, mostly .58-.60; soybeans mostly 1 lower 2.50-2.58, mostly 2.52-2.55.

Meat Theft Case Heard

CINCINNATI (AP) — Two men remained in the Hamilton County jail today after appearing with three others before a U. S. commissioner Monday in the attempted theft Sunday of \$21,000 worth of meat from a truck.

Neither Johnnie Yarbrough, Enon, Ohio, nor Harley Williams, 41, Maumee, Ohio, was able to post \$5,000 bonds each set by commissioner Charles Ebel.

The two had been free on their own \$5,000 recognizance bonds as they awaited sentencing in the theft of \$47,000 worth of gin in April of 1968 from an express company truck.

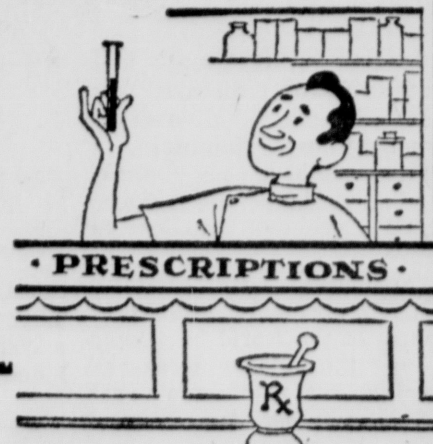

The other men — John Egan, 42, Cincinnati; Carroll Evans, 42, of nearby Bellevue, Ky.; and Joseph Branch, 33, Fort Lauderdale, Fla. — were freed on their own \$5,000 bonds.

The five were arrested after allegedly removing a seal from the truck carrying 30,000 pounds of meat and showing it to "prospective buyers." The meat was owned by the Kahn's Packing Co. and was to be shipped to South Carolina although the truck was found in a parking lot about two miles from Kahn's.

CONGRESSIONAL GREETING — Congressman Chalmers P. Wylie (left) greets Mr. and Mrs. J. Boyd Stout, 812 Arbor Road, on the steps of the Capitol Building, Washington, D. C. Mr. and Mrs. Stout were attending the annual meeting of the National Homebuilders Assn.

Wealthy Solon Bares Financial Interests

By LAWRENCE L. KNUTSON
Associated Press Writer

WASHINGTON (AP)—A North Dakota congressman, volunteering details of a private fortune of more than \$3.5 million, freely concedes some of his holdings could involve him in a conflict of interests with his House duties.

Rep. Thomas S. Kleppe says he intends to avoid such a pitfall, if a direct conflict ever arises, by voting "present," instead of aye or nay.

A former Bismarck, N.D., mayor and past treasurer of his state's Republican party, Kleppe disclosed he holds com-

mon stock and municipal bonds valued at \$3,514,942, which he said resulted in \$67,031 in income during 1968.

While not unprecedented, Kleppe's disclosure is unusual for a member of Congress holding extremely large and varied assets.

House members, who are now paid \$42,500 annually, are required under recent ethics legislation to make public only the names of stock and bond holdings worth more than \$5,000. They list the worth of their assets also, but that information is kept secret by the House Ethics Committee.

Kleppe's portfolio of 46 stocks and 19 municipal bonds includes, he said, \$1.13 million in the common stock of International Business Machines Inc.

He said any conflict would come because of his membership on the board of directors of Cardinal Petroleum Inc., Billings, Mont., in which he owns \$273,600 in stock, and a director-

ship of Bismarck's Dakota National Bank in which he owns stock worth \$18,750.

"Yes, I do think I have a conflict," Kleppe said. "If a bill was on the floor to end or cut back the oil depletion allowance

I would vote 'present' unless I decided to resign from the board of Cardinal."

Legislation involving banking and savings-and-loan interests might place him in similar conflict, Kleppe said. When such a bill came up last year, he said, "I think my position was prejudiced by the fact I am a bank director."

"I indicated to banking interests at the time that if the bill came up I would vote 'present.'"

Kleppe said that on other stocks held by himself or his family he regards himself as just one of a large group of minority stockholders with no control of corporate policy and, therefore, no conflict.

"I have voted against my own best financial interests many, many times," he said.

"I believe in laying my financial interests on the line," Kleppe said as he told an interviewer he also owns a \$150,000 residence in Bismarck and a

\$75,000 residence in a Washington suburb.

Of his reported outside income and assets, which he said do not include personal property, bank deposits, savings certificates and insurance, Kleppe had this comment:

"I didn't inherit it and I didn't steal it. I earned it."

Neither the House nor the Senate presently requires full disclosure of a member of Congress' finances. But several bills are pending which would do just that.

Retired Teachers Schedule Meeting

The Pickaway County and Adjacent Area Retired Teacher Assn. will hold a luncheon meeting 12:30 p.m., June 21 at the L-K Restaurant.

State Senator Harry Armstrong will be the guest speaker. He will discuss legislation of interest.

Meat Theft Case Heard

CINCINNATI (AP)—Two men remained in the Hamilton County Jail today after appearing with three others before a U. S. commissioner Monday in the attempted theft Sunday of \$21,000 worth of meat from a truck.

Neither Johnnie Yarbrough, Enon, Ohio, nor Harley Williams, 41, Maumee, Ohio, was able to post \$5,000 bonds each set by commissioner Charles Ebel.

Sudan Council Offers Autonomy To 3 Provinces

DAMASCUS, Syria (AP)—Sudan's new government has moved to end the rebellion in South Sudan by offering autonomy to the three rebellious black provinces.

The National Revolutionary Council, which seized power May 25 in a military coup, announced Monday night that "regional autonomy within the framework of a new integral socialist Sudan" would be granted to the provinces of Bahr el Ghazal, Upper Nile and Equatoria.

There was no immediate reaction from the rebels.

Maj. Gen. Jaafar al Numairi, head of the council, said in a broadcast that the government would try "to bring about equality between the two parts of the country and establish genuine national Socialist unity between them."

Storms Rake West, South With Hail

By THE ASSOCIATED PRESS

Thunderstorms diminished across the West and the South today after raking both regions with heavy rain, wind and hail.

The North Carolina town of Smithfield, southeast of Raleigh, was swamped by nearly 3 inches of rain Monday afternoon and evening. Almost 1 1/4 inches poured onto the Raleigh-Durham airport in one hour, and a similar downpour soaked Columbia, S.C., in an equally short time.

Hailstones the size of golf balls thrashed Cedar Bluff, in northern Alabama, Monday night. Large hail covered the ground in an area east of El Paso, Tex., after a violent thunderstorm.

The storms ranged northward out of Texas and New Mexico through the Rockies into Montana where Butte was hit by hail and nearly an inch of rain.

Clear and crisp weather maintained an unseasonable chill over the Midwest and seeped into the Northeast during the night.

Cooler temperatures were centered in the eastern Great Lakes region. Readings in the lower 40s were widespread across Michigan. Bradford, Pa., registered 41 before daybreak.

Painter Shows Love For Wife Via Big Signs

COLUMBUS, Ohio (AP)—James N. Spafford loves his wife and she knows it. So do hundreds of others who pass the signs he painted on an Ohio State University building under construction.

Spafford, 27, is a plumber working on the Basic Science building across the street from University Hospital where his wife is a patient suffering from hepatitis.

"They wouldn't let me get close enough to Barbara to tell her, so I just wrote her a note," Spafford said. His "note" consists of two signs. The first, in 10-inch letters, reads: "I Love You. Hi Barbara. The other, in 18-inch high letters says simply: "I Love You."

His wife says she can see the larger of the two signs at night when the lights go on.

Venison Is Costly

SYRACUSE, N.Y. (AP)—A motorist may keep the venison if his car is damaged when it hits a deer, state police say. Cost of repairing such damage usually is \$100 to \$500.

Rising Education Costs

Unnoticed in the spate of college disturbances is the one which hit Indiana University. The students who locked school administrators in a building for more than three hours were not revolting for the usual causes campus demonstrators have been taking up this year.

They were concerned about increases of several hundred dollars in tuition fees. Indiana is not the only institution to announce that higher education henceforth will be more costly. Cost increases have been flowing across the nation's campuses as surely as high tide across coastal sands.

But the question parents, students

and administrators are asking is, where will it end? Obviously there is a limit to what a family can afford to pay for four years of college, and all the excuses college administrators can bring to their defense will not change that.

One reason for the rising costs of higher education is the ever-growing proportion of youth entering college. What every parent, student and educator should ascertain for himself is that the increasing numbers who go on to college do so for the single purpose of higher learning and not because of pressures unrelated to academic ability or desire.

Peace Guerrillas

An Indian who is operating a school of nonviolence in London says he has the answer to violence in the streets. There really is no secret to it, said 21-year-old Stish Kumar. India has been using "peace guerrillas" for years to help put down religious riots between Hindus and Moslems.

"Peace guerrillas are a loosely knit organization of young people who because of their distinctive garb look somewhat like hippies.

"The difference," Kumar hastens to say "is that the hippies are mostly talk. The peace army is based on service to the community.

"Through personal service, the peace guerrillas build up contact with the people in his locality, so that when he is called upon to deal with an ugly situation he is not a stranger, but is known and respected."

And then he added, again perhaps thinking of the hippies, "He must have the courage to die without anger."

Whether peace guerrillas fashioned after the Indian concept would work in the Western world is problematical. But it would be a far less explosive concept of containment than some which are being employed today.

According To Boyle

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

What is taller at breakfast and shorter at dinner? Well, for one thing, you are. Because of spinal compression, you are probably a full inch lower in altitude in the evening than when you awoke in the morning bright.

Poverty afflicts one out of three Americans over the high hill of 65.

Eskimo women, who habitually breast-feed their babies, have the lowest rate of breast cancer in the world. Canadian scientists are inclined to believe that the one fact is related to the other.

Camping is now a \$1.5-billion-a-year business in the United States. During 1969, the National Geographic Society estimates, some 40 million people will "pitch a tent, park a trailer, or unroll a sleeping bag" at the nation's half-million campsites.

What hurts can sometimes help. Cheddar cheese, under some circumstances, has been known to cause high blood pressure. The culpable ingredient, tyramine, has been isolated and found useful in treating low blood pressure.

Can you imagine a cake of ice a mile and a half square and stretching 92 million miles from here to the sun? Will, if there were such an ice cube and the sun's full energy were focused on it, it would melt in 30 blinding seconds.

Quotable notables: "Love is an act of endless forgiveness, a tender look which becomes a habit." — Peter Ustinov.

Are you a victim of "crisis flight"? That is a new medical term for people who react to an emergency by simply fleeing to somewhere — anywhere — else. The Travelers Aid Society says it tends to 2,000 such unhappy wanderers each year in Washington, D.C., alone.

Household hint: To prevent linen from turning yellow when stored, place it between layers of dark tissue paper.

A threat of suicide, medical authorities warn, should never be regarded idly. They say that 80 per cent of people who do kill themselves have either tried to

before or threatened to do so.

Despite our current prosperity, life seems to be getting more dangerous for our young people. The National Safety Council reports that in 1968 accidents among children 5 to 14 years old increased nearly 12 per cent and those among persons 15 to 24 years old rose about nine per cent.

Worth remembering: "The smallest good deed is better than the grandest good intention."

It was Sir Jacob Astley who made this common sense prayer: "Lord, I shall be very busy this day and may forget Thee; but please, dear God, don't forget about me."

Today In History

By THE ASSOCIATED PRESS
Today is Tuesday, June 10, the 161st day of 1969. There are 204 days left in the year.

Today's highlight in history: On this date in 1610, the first Dutch settlers in America landed on Manhattan Island.

On this date: In 1776, the Continental Congress in Philadelphia named a committee to draft the Declaration of Independence.

In 1892, a Republican convention in Minneapolis renominated Benjamin Harrison for president.

In 1898, U.S. Marines began an invasion of Cuba in the Spanish-American War.

In 1940, Italy declared war on France and Britain.

In 1942, the German Gestapo shot the 173 male inhabitants of Lidice, Czechoslovakia, put the women and children in concentration camps and burned the village.

In 1945, Gen. Dwight D. Eisenhower, received the highest Soviet award, the Order of Victory.

Ten years ago — Secretary of State Christian A. Herter and the foreign ministers of Britain, France and the Soviet Union

were meeting in Geneva on the Berlin problem.

Five years ago — The U.S. Senate invoked closure and choked off a 75-day filibuster against a civil rights bill.

One year ago — A large majority of United Nations members voted initial approval of a draft treaty to prevent the spread of nuclear weapons.

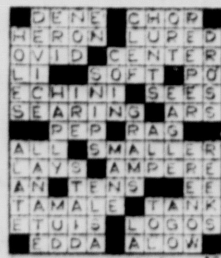

High Court Rejects Sen. Dodd's Appeal

WASHINGTON (AP) — The Supreme Court refused Monday to revive Sen. Thomas J. Dodd's \$5-million libel and invasion of privacy suit against Drew Pearson and Jank Anderson, Washington newspaper columnists.

Dodd, a Connecticut Democrat, claimed two former and current employees in 1965 stole and made copies of thousands of documents that were used in Pearson-Anderson columns in 1966. In the series of articles the columnists alleged official misconduct by Dodd.

Speaking Of Your Health

By Lester L. Coleman, M.D.

A late Sunday night disease has been uncovered. For many months, a group of people who were completely well and active throughout the day developed a variety of complaints late Sunday night. The fact that there seemed to be no relationship to geographic areas led a group of scientists to track down the cause for this vague condition. The disorder was put on the list of the ten most unwanted illnesses and after arduous detecting, the answer seems to have been found.

Dr. Robert Ho Man Kwok finally found, by sad personal experience, that peculiar symptoms of all kinds appeared within a half hour after eating in Chinese restaurants. Those of us who love Chinese food hate him for the discovery and yet respect his scientific research. He found that he developed a peculiar sensation of numbness in the back of the head and shoulders that extended down his arms and gave him a feeling of tremendous weakness.

When this condition, now known as Kwok's disease, was found to be due to an overuse of monosodium glutamate, a common additive in Chinese food, the world of the Chinese gourmet seemed ready to collapse.

Unfortunately, Dr. Kwok's findings were substantiated in all parts of the world by people who use this "taste-increaser" in cooking. It now seems that the Sunday night disease may be an all-week disease when MSG is used in large quantities. It is surprising how many people, despite this new bit of information, are willing to accept these strange sensations for the sheer joy of a Bird's Nest or Won Ton soup.

A strange contraction of the hands which causes the fingers to be drawn into the palm is known as Dupuytren's contraction. It is named after the French surgeon who described the condition more than one hundred years ago.

Following injury or infection and frequently without any reason, changes occur around the tendons and muscles of the fingers and unless checked, can result in severe incapacitation. Dupuytren's contraction responds remarkably well to modern surgery, especially if the condition is recognized early.

Parents have learned, sometimes sadly, that harmless looking children's toys can produce serious injuries to their

Dr. Weisner And The ABM

By JOHN CHAMBERLAIN

Richard Whalen, who did some remarkable "position paper" writing for Richard Nixon prior to the Republican convention in Miami Beach, is no longer functioning as a Presidential adviser, but his searching speech on "The Shifting Balance of Nuclear Power," delivered to a rapid audience at the exclusive Bohemian Grove retreat in California in late May, has been circulating among the White House staff with somewhat explosive results.

The news blockbuster is Whalen's account of an afternoon he spent in 1967 with Dr. Jerome Wiesner, the M.I.T. scientist who was commissioned by Senator Ted Kennedy to help shape up an adverse report on the practicability of an Anti-Ballistic Missile system. According to Whalen, Wiesner's "credentials for judging the political and strategic implications of nuclear weapons are dubious." In the course of the 1967 conversation, so Whalen told the Bohemian Grove VIPs, Wiesner "expressed that the idea of defending Minuteman sites might have a great deal of merit, if the Soviet threat increased — as it has."

Whalen went on to say that "toward the end of our interview, he (Wiesner) cautioned me to take care in quoting him. It was surely his right to be quoted accurately. But his concern had a different motive. He said he did not want his words presented in a way that would offend unnamed parties in the Soviet Union. He explained that he went to the Soviet Union each year, keeping in contacts made at the Pugwash disarmament conferences, and he wished to be permitted to enter the country."

Ordinarily, so Whalen told the Bohemians and their guests, it would be wrong to look beneath arguments and inquire into motives. But he was appalled, in listening to Wiesner, that any free man in a free society, "hailed as a man of science committed to free inquiry was perfectly willing to censor his opinions in order to please the authorities in a state where individual freedom does not exist."

As for other opponents of the Safeguard ABM proposition, Whalen says they "are engaged in the falsification of reality in order to preserve cherished illusions." If we do not go ahead with the limited ABM program proposed by Nixon, it will, in Whalen's estimation, present the Soviet planner with "a bookkeeper's dream." If we lack a defense of our Minuteman sites, so Whalen insists, "it may be possible for (the planner) . . . to design a plausible mathematical model of a first-strike attack."

The multiple-headed missiles which the Soviets will have ready at some point in the Seventies could lure the Moscow Politburo into thinking it had a real "first-strike capability." But, so the Whalen argument proceeds, "with the introduction of ABM defenses in the United States, the model breaks down, for now there are questions

entirely outside the control of the Soviet planner. He cannot say with the necessary degree of confidence how effective the American defenses are, and how much of the Minuteman force will survive an attack. At the very least, he must redesign and re-equip his missiles, a very expensive undertaking. Even then he may be forced to conclude that the Soviet Union must settle for a second-strike capability, which, of course, is precisely what the United States desires."

Whalen did not suggest to the Bohemian Grove VIPs that the Soviets were necessarily planning their missile development with a first-strike attack in view. "We simply do not know," Whalen said, "but we do know enough concerning Soviet capabilities, and we have

created enough doubt concerning our intentions, that prudence requires a deployment of Safeguard."

Whalen thinks that nuclear weapons "are manipulative symbols of power." In the next decade, he says, "the mere existence of Soviet ABM defenses, if the United States has none, could exert psychological influence on both sides." If selective re-Stalinization continues in Russia, encouraging a more belligerent Soviet policy, a U. S. President might face an ultimatum aimed at Western Europe or even at the U. S. itself. In the absence of an ABM defense, our President's options would be reduced, and we might have to face up to a grim choice between "humiliation and holocaust."

WASHINGTON MEMO

By Congressman CHALMERS P. WYLIE
15th District of Ohio

VETERANS AID

This week the House passed several important pieces of legislation directed at improving Veterans' services and benefits beginning with a bill that extends the length of time community nursing home care may be provided for veterans at the expense of the United States for six months at present, to nine months.

Another measure provides that veterans who are seventy years of age or older shall be deemed to be unable to defray the expenses of necessary hospital or domiciliary care, and allow an additional \$50 per month for a widow of a veteran who is helpless, blind or who is a patient in a nursing home. A third bill authorizes direct admission to community nursing homes of those veterans needing such care for a service-connected condition.

Other legislation to assist veterans would increase the federal payment to the States for the care of veterans in State homes. These payments would continue to be limited to 50 per cent of the cost of such care. The total authorization is \$5 million for State grants. This bill is much needed as many of our veterans' hospitals are in dire need of repairs.

The final piece of legislation passed by the House to give relief to our veterans is a bill to improve and make more effective the Veterans' Administration program of sharing specialized medical resources by providing for the mutual use or exchange of use of such specialized medical resources. I supported all of these measures which will help our veterans who have so faithfully served our country.

ROOM TO ROAM

An updated edition of "Room to Roam," the Bureau of Land Management's best-selling guide to recreation opportunities on public lands in the Western States and Alaska, has been released.

The first edition — one of the most popular federal publications of 1968 — sold over 200,000 copies.

"Room to Roam" features 480 attractions for those vacationing in the outdoors on public lands. These include rockhounding, camping, and picnicking sites, hiking and canoeing trails, historic sites, ghost towns, and areas for hunting, fishing, and sightseeing. Many of these are "off the beaten track, but well worth visiting," says the Bureau of Land Management.

More than 40 color photographs show western scenery, plants, and wildlife. Especially useful for the family planning a vacation trip are six 12 x 18-inch maps outlining regions of the Western States.

and Alaska. In addition to the 450 million acres of public land administered by the Bureau of Land Management, the color maps show the national parks and forests, wildlife refuges, and Indian reservations.

Copies of the revised 32-page full-color atlas are available from the Superintendent of Documents, U.S. Government Printing Office, Washington, D. C. (20402) at 75 cents per copy. The catalog number for ordering is 153.7-2:R 53-1969.

HEALTH AND SAFETY

The House passed legislation this week to promote health and safety standards in the construction industry. The bill will authorize the Secretary of Labor to set standards which contractors and subcontractors would be required to meet on federally-financed or federally-assisted projects. As the only industry not to have such standards for workers performing federal contracts, the National Safety Council and the Bureau of Labor Statistics estimate that over 20 per cent of the workers killed yearly and over 11 per cent of the workers disabled in on-the-job accidents are in the construction industry.

Furthermore, the frequency rate for construction accidents is nearly double the national average. This bill does not preempt the States from passing laws or enforcing existing laws concerning their construction projects; it merely insures that there will be uniform enforcement from one State to another of federal health and safety standards on federally-financed or assisted projects.

MEDICAL FACILITIES

Also given the green light by the House was a bill to extend for three years the existing program of matching grants to the States for construction and modernization of hospitals and other health facilities. Since the inception of the construction assistance program in 1946, over \$3 billion in federal funds have been matched by more than \$7 billion in non-federal funds to enable the construction of over 9,800 facilities.

A new section was added to the measure providing for federally-guaranteed loans, combined with an interest subsidy for construction and modernization. Under existing law, States are permitted to transfer all, or any part, of their funds for new hospitals and other facilities construction to modernization if the State agency deems this more pertinent to the State's needs. This transfer authority is retained and, additionally, will permit the State agency to eliminate the rural area priority for construction funds at its discretion.

Say Mao Faces More Dissension

TOKYO (AP) — Mao Tse-tung continues to face opposition in Communist China and its administrative committees in the provinces are troubled by disunity, a broadcast from Peking said Monday.

In a joint editorial, Mao's three main publications urged leaders of the revolutionary committees to unite.

The editorial was issued by the party newspaper, the Peking People's Daily, the military publication, the Liberation Army Daily, and the theoretical magazine, Red Flag. It was broadcast by the New China News Agency and monitored in Tokyo.

Hatlo's They'll Do It Every Time

Rising Education Costs

Unnoticed in the spate of college disturbances is the one which hit Indiana University. The students who locked school administrators in a building for more than three hours were not revolting for the usual causes campus demonstrators have been taking up this year.

They were concerned about increases of several hundred dollars in tuition fees. Indiana is not the only institution to announce that higher education henceforth will be more costly. Cost increases have been flowing across the nation's campuses as surely as high tide across coastal sands.

But the question parents, students

and administrators are asking is, where will it end? Obviously there is a limit to what a family can afford to pay for four years of college, and all the excuses college administrators can bring to their defense will not change that.

One reason for the rising costs of higher education is the ever-growing proportion of youth entering college. What every parent, student and educator should ascertain for himself is that the increasing numbers who go on to college do so for the single purpose of higher learning and not because of pressures unrelated to academic ability or desire.

Peace Guerrillas

An Indian who is operating a school of nonviolence in London says he has the answer to violence in the streets. There really is no secret to it, said 21-year-old Stish Kumar. India has been using "peace guerrillas" for years to help put down religious riots between Hindus and Moslems.

Peace guerrillas are a loosely knit organization of young people who because of their distinctive garb look somewhat like hippies.

"The difference," Kumar hastens to say "is that the hippies are mostly talk. The peace army is based on service to the community."

"Through personal service, the peace guerrillas build up contact with the people in his locality, so that when he is called upon to deal with an ugly situation he is not a stranger, but is known and respected."

And then he added, again perhaps thinking of the hippies, "He must have the courage to die without anger."

Whether peace guerrillas fashioned after the Indian concept would work in the Western world is problematical. But it would be a far less explosive concept of containment than some which are being employed today.

entirely outside the control of the Soviet planner. He cannot say with the necessary degree of confidence how effective the American defenses are, and how much of the Minuteman force will survive an attack. At the very least, he must redesign and re-equip his missiles, a very expensive undertaking. Even then he may be forced to conclude that the Soviet Union must settle for a second-strike capability, which, of course, is precisely what the United States desires."

Whalen did not suggest to the Bohemian Grove VIPs that the Soviets were necessarily planning their missile development with a first-strike attack in view. "We simply do not know," Whalen said, "but we do know enough concerning Soviet capabilities, and we have

created enough doubt concerning our intentions, that prudence requires a deployment of Safeguard."

Whalen thinks that nuclear weapons "are manipulative symbols of power." In the next decade, he says, "the mere existence of Soviet ABM defenses, if the United States has none, could exert psychological influence on both sides." If selective re-Stalinization continues in Russia, encouraging a more belligerent Soviet policy, a U. S. President might face an ultimatum aimed at Western Europe or even at the U. S. itself. In the absence of an ABM defense, our President's options would be reduced, and we might have to face up to a grim choice between "humiliation and holocaust."

WASHINGTON MEMO

By Congressman CHALMERS P. WYLIE
15th District of Ohio

VETERANS AID

This week the House passed several important pieces of legislation directed at improving Veterans' services and benefits beginning with a bill that extends the length of time community nursing home care may be provided for veterans at the expense of the United States for six months. At present, to nine months.

Another measure provides that veterans who are seventy years of age or older shall be deemed to be unable to defray the expenses of necessary hospital or domiciliary care, and allow an additional \$50 per month for a widow of a veteran who is helpless, blind or who is a patient in a nursing home. A third bill authorizes direct admission to community nursing homes of those veterans needing such care for a service-connected condition.

Other legislation to assist veterans would increase the federal payment to the States for the care of veterans in State homes. These payments would continue to be limited to 50 per cent of the cost of such care. The total authorization is \$5 million for State grants. This bill is much needed as many of our veterans' hospitals are in dire need of repairs.

The final piece of legislation passed by the House to give relief to our veterans is a bill to improve and make more effective the Veterans' Administration program of sharing specialized medical resources by providing for the mutual use or exchange of use of such specialized medical resources. I supported all of these measures which will help our veterans who have so faithfully served our country.

ROOM TO ROAM

An updated edition of "Room to Roam," the Bureau of Land Management's best-selling guide to recreation opportunities on public lands in the Western States and Alaska, has been released.

The first edition — one of the most popular federal publications of 1968 — sold over 200,000 copies.

"Room to Roam" features 480 attractions for those vacationing in the outdoors on public lands. These include rockhounding, camping, and picnicking sites, hiking and canoeing trails, historic sites, ghost towns, and areas for hunting, fishing, and sightseeing. Many of these are "off the beaten track, but well worth visiting," says the Bureau of Land Management.

More than 40 color photographs show western scenery, plants, and wildlife. Especially useful for the family planning a vacation trip are six 12x18-inch maps outlining regions of the Western States

and Alaska. In addition to the 450 million acres of public land administered by the Bureau of Land Management, the color maps show the national parks and forests, wildlife refuges, and Indian reservations.

Copies of the revised 32-page full-color atlas are available from the Superintendent of Documents, U.S. Government Printing Office, Washington, D. C. (20402) at 75 cents per copy. The catalog number for ordering is 153.7-2:R 53-1969.

HEALTH AND SAFETY

The House passed legislation this week to promote health and safety standards in the construction industry. The bill will authorize the Secretary of Labor to set standards which contractors and subcontractors would be required to meet on federally-financed or federally-assisted projects. As the only industry not to have such standards for workers performing federal contracts, the National Safety Council and the Bureau of Labor Statistics estimate that over 20 per cent of the workers killed yearly and over 11 per cent of the workers disabled in on-the-job accidents are in the construction industry.

Furthermore, the frequency rate for construction accidents is nearly double the national average. This bill does not preempt the States from passing laws or enforcing existing laws concerning their construction projects; it merely insures that there will be uniform enforcement from one State to another of federal health and safety standards on federally-financed or assisted projects.

MEDICAL FACILITIES

Also given the green light by the House was a bill to extend for three years the existing program of matching grants to the States for construction and modernization of hospitals and other health facilities. Since the inception of the construction assistance program in 1946, over \$3 billion in federal funds have been matched by more than \$7 billion in non-federal funds to enable the construction of over 9,800 facilities.

A new section was added to the measure providing for federally-guaranteed loans, combined with an interest subsidy for construction and modernization. Under existing law, States are permitted to transfer all, or any part, of their funds for new hospitals and other facilities construction to modernization if the State agency deems this more pertinent to the State's needs. This transfer authority is retained and, additionally, will permit the State agency to eliminate the rural area priority for construction funds at its discretion.

Say Mao Faces More Dissension

TOKYO (AP) — Mao Tse-tung continues to face opposition in Communist China and its administrative committees in the provinces are troubled by disunity, a broadcast from Peking said Monday.

In a joint editorial, Mao's three main publications urged leaders of the revolutionary committees to unite.

The editorial was issued by the party newspaper, the Peking People's Daily, the military publication, the Liberation Army Daily, and the theoretical magazine, Red Flag. It was broadcast by the New China News Agency and monitored in Tokyo.

You're Telling Me

By William Ritt
Central Press Writer

A London bookmaker admits he fears he's about to lose a 1,000 to 1 bet he made in 1964 that a man wouldn't land on the Moon by January, 1971. The wager was \$24,000 to \$24. Just a couple of long shots—1,000 to 1 and a trip to the Moon!

An Ohio savings and loan outfit has offered new depositors of \$1,000 or more a chance for a free trip to Florida. That should create some interest.

Amateur gardener Zadok Dumkopf hopes to buy some of those "burpless" cucumber seeds now being offered. He thinks it's a cool idea.

McNeese College biologists have been studying a two-headed rattlesnake which was found by a student. The two perfectly formed heads functioned separately in breathing and eating. Sounds like a double-header nightmare!

A distillery is test marketing clear plastic bottles for its bourbon. At least, it's a novel idea—a soft container for hard liquor.

Christophers Columbus was married twice—Factograph item. Was that why old Chris was always taking those long trips from home?

Today In History

By THE ASSOCIATED PRESS
Today is Tuesday, June 10, the 161st day of 1969. There are 204 days left in the year.

Today's highlight in history: On this date in 1610, the first Dutch settlers in America landed on Manhattan Island.

On this date: In 1776, the Continental Congress in Philadelphia named a committee to draft the Declaration of Independence.

In 1892, a Republican convention in Minneapolis renominated Benjamin Harrison for president.

In 1898, U.S. Marines began an invasion of Cuba in the Spanish-American War.

In 1940, Italy declared war on France and Britain.

In 1942, the German Gestapo shot the 173 male inhabitants of Lidice, Czechoslovakia, put the women and children in concentration camps and burned the village.

In 1945, Gen. Dwight D. Eisenhower, received the highest Soviet award, the Order of Victory.

Ten years ago — Secretary of State Christian A. Herter and the foreign ministers of Britain, France and the Soviet Union

were meeting in Geneva on the Berlin problem.

Five years ago — The U.S. Senate invoked closure and choked off a 75-day filibuster against a civil rights bill.

One year ago — A large majority of United Nations members voted initial approval of a draft treaty to prevent the spread of nuclear weapons.

High Court Rejects Sen. Dodd's Appeal

WASHINGTON (AP) — The Supreme Court refused Monday to revive Sen. Thomas J. Dodd's \$5-million libel and invasion of privacy suit against Drew Pearson and Jank Anderson, Washington newspaper columnists.

Dodd, a Connecticut Democrat, claimed two former and two current employees in 1965 stole and made copies of thousands of documents that were used in Pearson-Anderson columns in 1966. In the series of articles the columnists alleged official misconduct by Dodd.

APOLLO 10 SCORCHED—Back at the place of its birth—the North American Rockwell plant in Downey, Calif.—the Apollo 10 spacecraft that carried three astronauts into lunar orbit appears to be burned more severely by re-entry than the Apollo 9.

Prime Interest Rate Reaches 8½ Per Cent

NEW YORK (AP) — Major banks Monday raised the prime rate — the interest charged their biggest and best customers for loans — to a historic high of 8½ per cent from 7½ per cent, effective immediately.

An increase had been expected for some time. But the amount of the hike—a full one per cent—was surprising.

The first bank to increase the rate was Bankers Trust Co. of New York and it did so without making any comment on its reasons. Other New York banks, and then Chicago, Philadelphia and Boston banks quickly made the same move. Among the banks was Chase Manhattan and First National City of New York.

Reacting to the move, the Dow Jones industrial average dropped about 7 points shortly after the New York Stock Exchange opened.

When one bank increases the prime rate, others usually follow.

The prime rate is used in determining the interest rate charged most large corporations. Other rates, such as interest rates to consumers, are scaled upward from the prime rate.

The old rate of 7½ per cent was a record high when it was set on March 17. As recently as last Dec. 2 the rate was 6¼. A series of rate increases, usually one-fourth or one-half of a per cent at a time, had occurred between December and March.

The Federal Reserve Board has taken a number of steps to make it more expensive and more difficult for banks to borrow money. But the demand on banks for money to borrow has continued strong.

By raising the prime rate banks can afford to pay more for the money they borrow.

One banker said privately that "It's safe to say all of the big banks will sit down today and take a look at things after Bankers Trust's move."

Employment Slowdown Is Reported

WASHINGTON (AP) — The nation's unemployment rate held steady at 3.5 per cent in May while employment showed a slower rate of growth which probably reflects a slowdown in the economy, the Labor Department said Monday.

Total nonfarm payroll employment increased by 90,000, said the Bureau of Labor Statistics.

"Employment growth, rapid in late 1968 and early 1969, has slowed considerably in the past three months," said the bureau's report.

"Monthly payroll employment has slowed considerably in the past three months. Monthly payroll employment increases have averaged 100,000 in the February-May period, in contrast to 325,000 over the September-February period," it said.

"The recent slowing down has occurred mainly in the goods-producing sector; employment in the service sector has continued to rise, although at a less rapid pace than in the earlier period," the report said.

Howard Stambler, chief employment analyst of the bureau, said the slackening in the rate of employment growth probably reflected efforts by the Nixon administration to slow the economy in order to ease inflationary pressures.

Dear Abby: By Abigail Van Buren

Don't Wait To Stop Molesters

DEAR ABBY: My six-year-old daughter has three times been taken into the woods by the 12-year-old neighbor boy. The explanations were, "We were taking a little nap," or, playing hide and go seek.

I have been told that until I have medical proof of actual damage, there is nothing I can do. I would rather not wait that long. What would YOU do?

WORRIED

DEAR WORRIED: I would explain to my daughter exactly what was "wrong" with going into the woods with this boy, and any other boy, and I would tell her that she was to have nothing more to do with him. Then I would visit the parents of this neighbor boy, and tell HIM in their presence that he was not to come near my house, or my child again. And finally, I would keep a sharp eye on my daughter.

DEAR ABBY: Lucy's letter got to me. She said a friend of hers gave up smoking, but took to chewing tobacco instead. Well, what's so bad about that?

There are clean chewers and dirty chewers, and I happen to be a clean chewer. I am 72 years old and have chewed tobacco since I was in the fifth grade, and my wife first found out about it only a year ago when she went through my jacket pockets before sending a suit to the cleaners and found a plug of tobacco.

I have been on planes, trains, and elevators when I wished the smokers were chewers. A tobacco chewer doesn't pollute the air for everyone around him.

KIRK
DEAR KIRK: Either you did all your chewing in private or you disposed of the tobacco juice as only a Houdini could. Please clew me in before my readers chew me out.

DEAR ABBY: How about a word in your column about these so-called "parties" where guests are invited to view certain products and are expected to buy some so the hostess can win prizes?

I have received invitations to dish parties, toy parties, lingerie parties, and clothing parties.

I feel it is in poor taste to try to sell anything to your friends, let alone using a party pretext for doing it. What is your opinion, Abby?

ALAMEDA, CALIFORNIA
DEAR ALAMEDA: It is "poor taste," only if the hostess invites her friends to such a party without letting them know what to expect. One can always decline if he doesn't care to attend.

DEAR ABBY: Due to a most unpleasant situation, I found it necessary to exclude a certain individual from my wedding list. Before I could tell my mother of this decision she had unknowingly mailed this person

a wedding invitation.

Now, I want this person to know that she is not welcome at my wedding and the invitation was really a mistake.

Should I forget it and hope that she has sense enough not to come, or is there some polite way to tell her of this error?

BRIDE TO BE

DEAR BRIDE: I know of no "polite" way to revoke an invitation. If I were you I'd forget it.

Confidential to hurt in Council Bluffs, Iowa; time heals all wounds. It also wounds all heels. Just be patient, she'll get hers.

Kored Force Said Slain

SEOUL (AP) — South Korean coastal defense forces have reported sinking a North Korean spy boat in a 20-minute gun battle 140 miles southeast of Seoul.

The Defense Ministry said the rubber boat, capable of holding six persons, was discovered attempting to land agents and was sunk early Sunday off the east coast city of Puk'pyong-ni.

Searchers recovered the body of a North Korean officer, a submachine gun and 4 pounds of TNT from the water, a spokesman said. A search for the boat's other occupants continued but all were believed to have drowned.

The spokesman said the enemy boat was escorted by a larger vessel which fired 82mm shells at the South Korean forces on shore, then sped away. Officials said one shell fired by the North Koreans hit a house, killing five sleeping members of a family.

Puk'pyong-ni is in the general area where 120 North Korean guerrillas landed last November. Of those, 107 were killed and seven others captured.

Garnishment Hearing Ruled A Necessity

WASHINGTON (AP) — Workers have a right to a hearing before part of their salaries can be kept from them to satisfy debts to finance companies, the Supreme Court ruled 7 to 1 Monday.

The decision, given by Justice William O. Douglas, said garnishment of salaries without a hearing is prohibited by the Constitution. He said it amounts to "a taking of property without that procedural due process that is required by the Fourteenth Amendment."

DEAR ABBY: Due to a most unpleasant situation, I found it necessary to exclude a certain individual from my wedding list. Before I could tell my mother of this decision she had unknowingly mailed this person

Philadelphia? You bet your sweet bippy!

It wasn't second prize in a

Draft Laws Explained

EDITOR'S NOTE: In an effort to create a greater public understanding of the laws and regulations governing the induction of personnel into the Armed Forces, the Selective Service System has prepared a series of pertinent questions and corresponding responses concerning the draft law. Here is another in the series.

Q. I was granted a I-S(H) classification permitting me to finish high school. Now during my first year of college I have been classified I-A. Will I be permitted to finish the academic year under a I-S(C) classification?

A. If you have received an Order to Report for Induction, you may request classification in Class I-S(C). The fact that you were classified I-S(H) in high school does not preclude you from receiving a I-S(C) in college. You may be classified in I-S(C) only once.

Q. My son was sentenced to 10 years in the penitentiary when he was 17 years of age. Consequently he has not registered with the draft. Upon release he will be over 26 years of age and with a criminal record. Will those circumstances exempt him from registering?

A. No. He will be required to register on the day he leaves the institution.

Q. In June of this year I will receive my A.B. degree in history from college. However, in the interim, I have decided to teach and need 16 additional credits for a teaching certificate. Am I eligible for a I-IS to get the additional credits?

A. No. Congress, upon passage of the Military Selective Service Act of 1967 indicated that a student deferment to attend college would terminate when either the person completed the requirements for his baccalaureate degree, failed to pursue satisfactorily a full-time course of instruction at the school, or attained the twenty-fourth anniversary of the date of his birth, whichever occurred first.

contest, but Dan Rowan and Dick Martin — "I'm Dan, he's Dick." "I didn't know that." — left beautiful downtown Burbank to attend the East Coast premiere of their first movie together, "The Maltese Bippy," and a similar geographical distinction for the start of their summer personal appearance tour.

All of which proved that in addition to being television top funny men, they are shrewd businessmen as well, playing on their "Laugh-In" popularity in other entertainment areas—wisely preparing, in a way, for the day the fickle TV audience decides it's had enough chicken jokes.

In old-fashioned Hollywood ballyhoo style, they arrived by helicopter—from the Philadelphia airport—dropping on a motel parking lot to pose for photographers and autograph fans, clowning in colonial hats and with a mini-Liberty Bell presented by a miniskirted belle for the City of Brotherly love.

"Can I tell you a story about my aunt?"

"I don't think we have time for that. These people came here to see a movie."

Their film "The Maltese Bippy," shot and edited in 10 weeks to get it out fast while they reign as TV comedy kings, is the first for the pair together, although Martin did have a movie role previously, in "The Glass Bottom Boat."

The comedy doesn't follow the "Laugh-In" style of "blackout" skits and one-liners. But the zanyness is there, with the funniest bits coming behind the opening credits and at the end, when they step out of movie character to joke about the film and themselves.

It's the first of three-picture deal with Metro-Goldwyn-Mayer, a new career beginning by bettering their film stakes on a werewolf spoof. ("No, stakes are for vampires; it's a silver bullet for a werewolf.")

"My aunt was locked in a steam bath for 14 days with a live moose. I thought they might like to hear what she said when she came out."

"My aunt said she was a lover of animals, but never, ever trust a Moose in a steam bath for 14 days. He may also be an Elk or a Shriners."

"Say good night, Dick."

"Good night, Dick."

Like the Marx Brothers, Rowan and Martin spent a day at the races—which included one promotionally tagged "The

Maltese Bippy" and for which they presented the winner's trophy. Frank's Discovery paid \$5.60, \$3.80 and \$3.00.

They came back sounding like typical track losers, Rowan conceding it was interesting "to see all those horses limping around out there." Martin: "And we picked all the cripples."

The daffy duo did a live comedy show at a barn-like place called the Spectrum, which is usually used for basketball. They brought much of the "Laugh-In" cast with them.

The group left Philadelphia Sunday—"It's closed anyway."

DEAR ABBY: Due to a most unpleasant situation, I found it necessary to exclude a certain individual from my wedding list. Before I could tell my mother of this decision she had unknowingly mailed this person

a wedding invitation. Now, I want this person to know that she is not welcome at my wedding and the invitation was really a mistake.

Should I forget it and hope that she has sense enough not to come, or is there some polite way to tell her of this error?

BRIDE TO BE
DEAR BRIDE: I know of no "polite" way to revoke an invitation. If I were you I'd forget it.

Confidential to hurt in Council Bluffs, Iowa; time heals all wounds. It also wounds all heels. Just be patient, she'll get hers.

Kored Force Said Slain

SEOUL (AP) — South Korean coastal defense forces have reported sinking a North Korean spy boat in a 20-minute gun battle 140 miles southeast of Seoul. The Defense Ministry said the rubber boat, capable of holding six persons, was discovered attempting to land agents and was sunk early Sunday off the east coast city of Puk'young-ni.

Searchers recovered the body of a North Korean officer, a submachine gun and 4 pounds of TNT from the water, a spokesman said. A search for the boat's other occupants continued but all were believed to have drowned.

The spokesman said the enemy boat was escorted by a larger vessel which fired 82mm shells at the South Korean forces on shore, then sped away. Officials said one shell fired by the North Koreans hit a house, killing five sleeping members of a family.

Puk'young-ni is in the general area where 120 North Korean guerrillas landed last November. Of those, 107 were killed and seven others captured.

Garnishment Hearing Ruled A Necessity

WASHINGTON (AP) — Workers have a right to a hearing before part of their salaries can be kept from them to satisfy debts to finance companies, the Supreme Court ruled 7 to 1 Monday.

The decision, given by Justice William O. Douglas, said garnishment of salaries without a hearing is prohibited by the Constitution. He said it amounts to "a taking of property without that procedural due process that is required by the Fourteenth Amendment."

Draft Laws Explained

EDITOR'S NOTE: In an effort to create a greater public understanding of the laws and regulations governing the induction of personnel into the Armed Forces, the Selective Service System has prepared a series of pertinent questions and corresponding responses concerning the draft law. Here is another in the series.

Q. I was granted a I-S(H) classification permitting me to finish high school. Now during my first year of college I have been classified I-A. Will I be permitted to finish the academic year under a I-S(C) classification?

A. If you have received an Order to Report for Induction, you may request classification in Class I-S(C). The fact that you were classified I-S(H) in high school does not preclude you from receiving a I-S(C) in college. You may be classified in I-S(C) only once.

Q. My son was sentenced to 10 years in the penitentiary when he was 17 years of age. Consequently he has not registered with the draft. Upon release he will be over 26 years of age and with a criminal record. Will those circumstances exempt him from registering?

A. No. He will be required to register on the day he leaves the institution.

Q. In June of this year I will receive my A.B. degree in history from college. However, in the interim, I have decided to teach and need 16 additional credits for a teaching certificate. Am I eligible for a II-S to get the additional credits?

A. No. Congress, upon passage of the Military Selective Service Act of 1967 indicated that a student deferment to attend college would terminate when either the person completed the requirements for his baccalaureate degree, failed to pursue satisfactorily a full-time course of instruction at the school, or attained the twenty-fourth anniversary of the date of his birth, whichever occurred first.

contest, but Dan Rowan and Dick Martin — "I'm Dan, he's Dick." "I didn't know that." — left beautiful downtown Burbank to attend the East Coast premiere of their first movie together, "The Maltese Bippy," and a similar geographical distinction for the start of their summer personal appearance tour.

All of which proved that in addition to being television top funny men, they are shrewd businessmen as well, playing on their "Laugh-In" popularity in other entertainment areas—wisely preparing, in a way, for the day the fickle TV audience decides it's had enough chicken jokes.

In old-fashioned Hollywood ballyhoo style, they arrived by helicopter—from the Philadelphia airport—dropping on to a motel parking lot to pose for photographers and autograph fans, clowning in colonial hats and with a mini-liberty bell presented by a miniskirted belle for the City of Brotherly love.

"Can I tell you a story about my aunt?"

"I don't think we have time for that. These people came here to see a movie."

Their film "The Maltese Bippy," shot and edited in 10 weeks to get it out fast while they reign as TV comedy kings, is the first for the pair together, although Martin did have a movie role previously, in "The Glass Bottom Boat."

The comedy doesn't follow the "Laugh-In" style of "blackout" skits and one-liners. But the zaniness is there, with the funniest bits coming behind the opening credits and at the end, when they step out of movie character to joke about the film and themselves.

It's the first of three-pictures deal with Metro-Goldwyn-Mayer, a new career beginning by betting their film stakes on a werewolf spoof. ("No, stakes are for vampires; it's a silver bullet for a werewolf.")

"My aunt was locked in a steam bath for 14 days with a live moose. I thought they might like to hear what she said when she came out."

"My aunt said she was a lover of animals, but never, ever trust a Moose in a steam bath for 14 days. He may also be an Elk or a Shriner."

"Say good night, Dick."

"Good night, Dick."

Like the Marx Brothers, Rowan and Martin spent a day at the races—which included one promotionally tagged "The

Maltese Bippy" and for which they presented the winner's trophy. Frank's Discovery paid \$2.60, \$3.80 and \$3.00.

They came back sounding like typical track losers. Rowan contending it was interesting "to see all those horses limping around out there." Martin, "And we picked all the cripples."

The daffy duo did a live comedy show at a barn-like place called the Spectrum, which is usually used for basketball. They brought much of the "Laugh-In" cast with them.

The group left Philadelphia Sunday—"It's closed anyway."

INTERESTED IN ELECTRIC HEATING?

ELECTRIC HEATING DEALER

RECOMMENDED BY COLUMBUS AND SOUTHERN OHIO ELECTRIC COMPANY

LOOK FOR THIS SIGN!

Dealers who display this emblem meet standards set by Columbus and Southern Ohio Electric Company.

Your new home should be electrically heated. Families in established homes, too, should enjoy modern comfort and convenience, by converting old-fashioned heating systems to electric.

That's what heating dealers who display the electric heating emblem believe. Ask any of them about the \$100.00 wiring allowance you'll receive when you convert to flameless electric heating.

Remember, only electric heating dealers displaying this emblem are recommended by Columbus and Southern Ohio Electric Company. They will give you the facts, straight.

148 Attend 51st Annual Saltcreek Alumni Banquet

There were 148 alumni and guests at the 51st Annual Saltcreek Alumni Banquet Saturday.

The classes of 1919 and 1944 were honored. Nine members of the 50-year class were present. They were:

James Archer, Eldon Arm-

Rita Garrett

Feted At Shower

A miscellaneous shower was held recently in the home of Mrs. Gerald Hall Jr., Route 1, Circleville, honoring Miss Rita Garrett, bride-elect of Mr. Nick Wickerham.

A green and white color scheme was used with streamers leading to a miniature bride doll and on and around the gift table. Games were played with prizes being won by Mrs. Walter Salyers, Mrs. James Garrett and Mrs. Gerald Wiggins. The prizes were given to Miss Garrett.

Those attending were Mrs. Roy Garrett, Mrs. Fred Wickerham, Mrs. Bill Spiller, Mrs. Esther Gattrell, Mrs. Gayle Stump, Miss Carolyn Hart, Miss Carolyn Gattrell, Mrs. Cora Hart, Mrs. Margaret Hall, Mrs. James Garrett, Mrs. Walter Salyers, Mrs. Clarence Huffer and Mrs. Gerald Wiggins.

Those sending gifts to Miss Garrett were Mrs. Helen Garrett, Mrs. Carolyn Shirley, Mrs. Pat Speakman, Mrs. G. H. Brooks, Mrs. Marlin Snyder, Mrs. Roy Walisa and Mrs. Umberto Wiggins.

A dessert course carrying out the green and white color scheme was served by the hostess, Mrs. Gerald Hall Jr.

Calendar

TUESDAY

East Ringgold United Methodist Ladies Aid, at the home of Mrs. Orwin Drum, Route 4, 7:30 p.m.

Stork Shower Held Recently

Mrs. Libby Stonerock was guest of honor at a stork shower recently given by Mrs. Carl Stonerock, Mrs. Tim Mogan and Mrs. John McFarland in the Mogan home, 418 N. Scioto St.

A color theme of pink and blue was carried out in decorations and refreshments of cookies, punch, nuts and mints were served.

Prizes for games played were won by Mrs. Creed Stonerock Jr. and Mrs. Richard Immell.

Guests included Mrs. Marie Mogan, Mrs. Ruth Wells, Mrs. Donna Huffman, Mrs. Karen Huffman and Mrs. Anna Lou Immell.

Gifts were sent by Mrs. Creed Stonerock Sr., Mrs. Elliott Wells and Mrs. Goldie Lindsey.

UM Pathfinders Plan Class Picnic

The Pathfinders Class of the Tarlton United Methodist Church met Sunday evening in the home of Mr. and Mrs. Paul Spung.

Paul Spung, president of the Pathfinders, conducted the meeting. Plans were made for a class picnic at Old Man's Cave on Sunday, July 15. Refreshments were served to nine members and nine guests.

MUDD BALL — Kathy Anderson, 15, looked like this (top left) when she started playing (lower) in a two-ton pile of mud during a Mudd Ball at a branch YMCA in St. Louis, and came out looking like this (upper right). The high school students participating bought tickets, with the proceeds going to the YMCA World Service.

Leewood Bushee Has Surprise Birthday

Mr. Leewood Bushee was feted with a surprise party at the Wardell party home by his wife, recently, on the occasion of his 53rd birthday.

Attending the dinner party were Mrs. Maxine Wilson, Mrs. Marvina Rhoades, Mr. and Mrs. Marion Rhoades, Mr. and Mrs. Wayne Rhoades, Mr. and Mrs. Hi Steinhouser, Mr. and Mrs. Coit Wilson, Verna Jean Holbrook and Sue Ann Keller.

Personals

Betty Johnson and Bezi Anderson, daughter of Mr. and Mrs. Ray Anderson, Logan Street, flew to Miami, Florida, Tuesday morning. The girls will be leaving for Haiti Thursday on the World Missionary Crusade. They will return June 19.

Mr. and Mrs. Edward Allen and family of Topeka Kansas and Mrs. Dick Hummer and her daughter Christy of Columbus called on Mr. and Mrs. Ed Hixenbaugh and son of Route 1, Stoutsville, June 8.

Blue Star Mothers Will Hold Meeting

The Blue Star Mothers will meet in the home of Mrs. Brian Russell, Route 3, Circleville, Thursday at 2 p.m. Mrs. William Pontius will assist Mrs. Russell.

PCC To Hold Pitch, Punch, Putt Party

A pitch, putt and punch party will be held at the Pickaway Country Club Saturday evening for club members and their guests.

For this event, only a five iron and a putter are used to play the first three holes. After the golf, punch and a buffet will be served in the clubhouse. Call Su Schneider, 474-7462, for your reservation and tee time.

Sewing Club To Hold Meeting

The members of the Variety Sewing Club will meet in the home of Mrs. Manley Carothers, 1020 Georgia Road, Monday, June 16 at 8 p.m.

For that special dinner party, serve a combination of vanilla ice cream and orange sherbet; pass an orange-flavored liqueur.

California Spectaculars Star Its Strawberries

By ALICE DENHOFF

I could write a sonnet — no a book — on strawberry shortcake and even if the work had literary merit it wouldn't be half as much appreciated as the real thing — luscious, lovely strawberry shortcake. Can there possibly be a new way to make this culinary American beauty? Yes there can be and it comes from the Golden State where those rosy berries are grown at their best right now. So, from sunny California, here's:

GOLDEN STATE LEMON SPONGE SHORTCAKE

2 pints fresh California strawberries
1-3 cup sugar
2 cups (1 pint) heavy cream
2 tablespoons sugar
1 tablespoon lemon juice
Lemon Sponge Cake
Layers (recipe follows)
Reserve a few berries for garnish; slice remainder; mix with 1-3 cup sugar and chill 30 minutes. Whip cream with 2 tablespoons sugar until stiff, blend in lemon juice. Spread 1 cake layer with half the sliced strawberries and whipped cream. Top with second layer, then with remaining sliced berries and whipped cream. Now for the delightful cake layers:

LEMON SPONGE CAKE LAYERS

5 eggs, separated
1/2 cup sugar
1 1/2 teaspoons grated lemon peel
1/4 teaspoon salt
1/4 cup lemon juice
2 tablespoons water
1 cup sifted cake flour
1/4 teaspoons cream of tartar
1/2 cup sugar

Beat egg yolks with next 3 ingredients; add next 2 ingredients, beating until light and fluffy. Blend in sifted cake flour. Beat egg whites with cream of tartar until soft peaks form; and 1/2 cup sugar, beating until stiff but not dry. Fold in egg yolk mixture. Pour into 2 ungreased 9-inch layer cake pans. Bake at 350 degrees for 25 minutes, until cake tests done. Cool on rack. Use as directed.

CALIFORNIA BISCUIT SHORTCAKE

4 cups biscuit mix

1/4 cup sugar
1/2 cup melted butter or margarine
1 cup milk
2 pints, fresh strawberries, halved
2-3 cup sugar
Melted butter
Orange or lemon marmalade
1 pint sour cream

Blend first 4 ingredients. Knead lightly on lightly floured surface 8 to 10 times. Pat out 1-3 of dough in each of three 9-inch layer cake pans. Bake in 450 degree oven 12 minutes until lightly browned.

Meanwhile, combine strawberries and 2-3 cup sugar. Chill 30 minutes.

Stack warm biscuit layers, brushing with melted butter, spreading each thinly with marmalade, then with sour spreading each thinly with strawberries. Instead of the sour cream, you might prefer using 1/2 pint heavy cream, flavored and whipped. Serves 8

Also offered for today's strawberry festival is a real quick 'n' easy:

CALIFORNIA HONEYBUN SHORTCAKE

2 pints fresh strawberries, sliced
1/2 cup sugar
1/4 cup each, butter and honey
6 hamburger rolls, halved
Heavy cream

Combine berries and sugar; chill 30 minutes. Blend butter and honey, spread on rolls and bake in 350 degree oven 20 minutes until crisp. Top with strawberries; serve with cream. Serves 6.

Wife Preservers

Small windows appear larger if curtains are hung on extension rods that are twice the width of window.

How Weather Looks Today

OHIO WEATHER SUMMARY

COLUMBUS, Ohio (AP) — Official Weather Bureau summary for Ohio:

Temperatures turned to a warming trend around Ohio today following an overnight spring chill.

Light winds and clear skies combined last night to allow the mercury to dip into the 50s and 40s. A 40-degree reading at Cleveland Hopkins Airport tied the existing low established on this date in 1946.

And the 39 at Toledo set a record for this date, breaking the previous low of 43.

Temperatures, however, were on their way upward toward afternoon readings in the 70s and low 80s across the state. Under fair skies tonight, lows will range between 50 and 60 degrees.

FORECASTS

OHIO — Fair and not so cool tonight. Lows in the 50s. Wednesday increasing cloudiness and warm.

NORTHWEST AND NORTHEAST OHIO — Fair and not so cool tonight. Lows 50-55. Wednesday increasing cloudiness and warm. High in the 80s.

SOUTHWEST, SOUTHEAST, CENTRAL EAST CENTRAL OHIO — Fair and mild tonight. Lows in the 50s. Wednesday increasing cloudiness and warm. High in the 80s.

Ohio War Hero Seeks Viet Duty

CAMP PENDELTON, Calif. (AP) — At 21, Marine Sgt. Ronald Burton of Galion, Ohio, has earned six Purple Hearts, a Silver Star and a Bronze Star.

"They I went home and saw a picture in my hometown paper of those protesters sitting on the flag," he said Monday. "I decided then that I was going back."

Burton, with less than a year until his discharge, has signed the special waiver required of a man who has earned three or more Purple Hearts. He ships out again Saturday.

Group Protests New Principal

CINCINNATI (AP) — The Cincinnati Board of Education approved the appointment Monday of William Dupree as principal at Taft High School here despite objections by parents, teachers and students.

Representing a group called the Concerned Parents of Taft High School, Ophelia Ellery handed the board a petition against appointment of the Negro to the predominantly Negro school.

Parents, students and teachers at Taft had been trying to persuade the current principal, Walter Zach, who is white, to stay on.

Always wash and dry that orange or lemon before you grate the rind from it.

"ARC" ANGEL — Franette Ottolingo leaves high school in Elmwood Park, Ill., anticipating becoming the first coed at Illinois State to major in industrial technology. Franette, 17, broke high school tradition by taking industrial arts courses, and won a Chemtron scholarship. She's got her welding helmet with her.

California Spectaculars Star Its Strawberries

By ALICE DENHOFF

I could write a sonnet — no a book — on strawberry shortcake and even if the work had literary merit it wouldn't be half as much appreciated as the real thing — luscious, lovely strawberry shortcake. Can there possibly be a new way to make this culinary American beauty?

Yes there can be and it comes from the Golden State where those rosy berries are grown at their best right now. So, from sunny California, here's:

GOLDEN STATE LEMON SPONGE SHORTCAKE

2 pints fresh California strawberries
1-3 cup sugar
2 cups (1 pint) heavy cream
2 tablespoons sugar
1 tablespoon lemon juice
Lemon Sponge Cake
Layers (recipe follows)
Reserve a few berries for garnish; slice remainder: mix with 1-3 cup sugar and chill 30 minutes. Whip cream with 2 tablespoons sugar until stiff, blend in lemon juice. Spread 1 cake layer with half the sliced strawberries and whipped cream. Top with second layer, then with remaining sliced berries and whipped cream. Now for the delightful cake layers:

LEMON SPONGE CAKE LAYERS

5 eggs, separated
1/2 cup sugar
1 1/2 teaspoons grated lemon peel
1/4 teaspoon salt
1/4 cup lemon juice
2 tablespoons water
1 cup sifted cake flour
1/4 teaspoons cream of tartar
1/2 cup sugar
Beat egg yolks with next 3 ingredients; add next 2 ingredients, beating until light and fluffy. Blend in sifted cake flour. Beat egg whites with cream of tartar until soft peaks form; and 1/2 cup sugar, beating until stiff but not dry. Fold in egg yolk mixture. Pour into 2 ungreased 9-inch layer cake pans. Bake at 350 degrees for 25 minutes, until cake tests done. Cool on rack. Use as directed.

CALIFORNIA BISCUIT SHORTCAKE

4 cups biscuit mix

1/4 cup sugar
1/2 cup melted butter or margarine
1 cup milk
2 pints, fresh strawberries, halved
2-3 cup sugar
Melted butter
Orange or lemon marmalade
1 pint sour cream
Blend first 4 ingredients. Knead lightly on lightly floured surface 8 to 10 times. Pat out 1-3 of dough in each of three 9-inch layer cake pans. Bake in 450 degree oven 12 minutes until lightly browned.

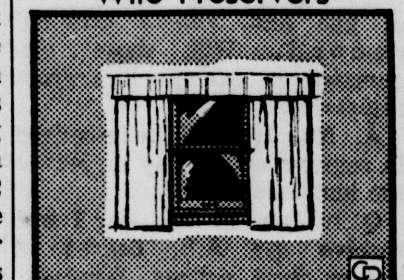

Meanwhile, combine strawberries and 2-3 cup sugar. Chill 30 minutes. Stack warm biscuit layers, brushing with melted butter, spreading each thinly with marmalade, then with sour spreading each thinly with strawberries. Instead of the sour cream, you might prefer using 1/2 pint heavy cream, flavored and whipped. Serves 8

Also offered for today's strawberry festival is a real quick 'n' easy:

CALIFORNIA HONEYBUN SHORTCAKE

2 pints fresh strawberries, sliced
1/2 cup sugar
1/4 cup each, butter and honey
6 hamburger rolls, halved
Heavy cream
Combine berries and sugar; chill 30 minutes. Blend butter and honey, spread on rolls and bake in 350 degree oven 20 minutes until crisp. Top with strawberries; serve with cream. Serves 6.

How Weather Looks Today

OHIO WEATHER SUMMARY

COLUMBUS, Ohio (AP) — Official Weather Bureau summary for Ohio:

Temperatures turned to a warming trend around Ohio today following an overnight spring chill.

Light winds and clear skies combined last night to allow the mercury to dip into the 50s and 40s. A 40-degree reading at Cleveland Hopkins Airport tied the existing low established on this date in 1946.

And the 39 at Toledo set a record for this date, breaking the previous low of 43.

Temperatures, however, were on their way upward toward afternoon readings in the 70s and low 80s across the state. Under fair skies tonight, lows will range between 50 and 60 degrees.

FORECASTS

OHIO — Fair and not so cool tonight. Lows in the 50s. Wednesday increasing cloudiness and warm.

NORTHWEST AND NORTHEAST OHIO — Fair and not so cool tonight. Lows 50-55. Wednesday increasing cloudiness and warm. High in the lower 80s.

SOUTHWEST, SOUTHEAST, CENTRAL EAST CENTRAL OHIO — Fair and mild tonight. Lows in the 50s. Wednesday increasing cloudiness and warm. High in the 80s.

Ohio War Hero Seeks Viet Duty

CAMP PENDLETON, Calif. (AP)—At 21, Marine Sgt. Ronald Burton of Galion, Ohio, has earned six Purple Hearts, a Silver Star and a Bronze Star.

"They I went home and saw a picture in my hometown paper of those protesters sitting on the flag," he said Monday. "I decided then that I was going back."

Burton, with less than a year until his discharge, has signed the special waiver required of a man who has earned three or more Purple Hearts. He ships out again Saturday.

Group Protests New Principal

CINCINNATI (AP)—The Cincinnati Board of Education approved the appointment Monday of William Dupree as principal at Taft High School here despite objections by parents, teachers and students.

Representing a group called the Concerned Parents of Taft High School, Ophelia Ellery handed the board a petition against appointment of the Negro to the predominantly Negro school.

Parents, students and teachers at Taft had been trying to persuade the current principal, Walter Zach, who is white, to stay on.

Always wash and dry that orange or lemon before you grate the rind from it.

"ARC" ANGEL — Franette Ottolino leaves high school in Elmwood Park, Ill., anticipating becoming the first coed at Illinois State to major in industrial technology. Franette, 17, broke high school tradition by taking industrial arts courses, and won a Chemetron scholarship. She's got her welding helmet with her.

U.S. Experts Not Certain Red 'Shotgun Missile' Works

WASHINGTON (AP) — Observation of a series of Soviet missile tests in the Pacific has left Pentagon experts uncertain whether the Russians now have multiple warheads which can be steered to separate targets.

American ships stationed in Russia's Pacific testing area have watched three or four extended range test shots of the giant SS9 intercontinental ballistic missile since April.

A study of telemetry and other data gathered by the observing U.S. vessels has been inconclusive as to whether the Soviets have multiple warheads which they fire in clusters, or whether they have mastered the technology of separately targeting each of the warheads, sources say.

Opinion thus is divided, although there is general agreement that at a minimum, the Soviets have been testing multiple warheads with sufficient dispersion to threaten knockout of individual Minuteman missile sites in the United States.

The United States has conducted at least 14 tests of Minuteman III land-based missiles and Poseidon submarine-launched missiles equipped with

multiple independently targetable re-entry vehicles, called MIRV.

U.S. Air Force and Navy sources said these tests demonstrated impressive accuracy.

The U.S. test series began last August and is scheduled to run for two years before the first MIRV's can be mounted in combat readiness.

U.S. missile men are trying for accuracy that would drop Minuteman III and Poseidon warheads within a quarter of a mile of their targets.

Dr. John F. Foster, Pentagon Research and engineering chief, has indicated that he believes the Soviets will be able to achieve similar accuracy with their SS9s, each of which can carry a single warhead with the explosive force of 25 million tons of TNT or three separate warheads each with the blasting force of 5 million tons.

The Soviets have deployed more than 200 SS9s, in a total force of more than 1,000 missiles which now roughly equals the U.S. land-based arsenal, according to reports.

Soviets are reported building the SS9 at a rate which could give them some 500 of these weapons by about 1974.

DRAFT CARD BURNER CRITIC GETS A FLUNK—Mrs. Eleanor Sobel (left) got herself suspended from teaching in Somerville, Mass., for flunking Sheila McNabb, 12, shown holding her composition and a photo of her brother, who was killed in Vietnam. Sheila wrote "... it just makes me sick when I read in the paper about kids burning their draft cards." Along with the failing grade, Mrs. Sobel wrote on the composition, "Was the war worth your brother's life? Maybe he should have burned his draft card." That got Somerville school officials pretty mad, and the mayor even madder.

Ohio Army Nurse 1st Killed In Action In Vietnam War

SAIGON (AP) — Lt. Sharon A. Lane of Canton, Ohio, was an Army nurse who, according to her immediate superior, "liked it here and wanted to stay."

Lt. Lane, 25, assigned to the 312th Evacuation Hospital at the U.S. military complex in Chu Lai, has become the first American Army nurse killed in action in Vietnam, the Defense Department reported Monday.

She was killed early Sunday morning when the enemy shelled the hospital's Vietnamese ward, where Lt. Lane was a staff nurse.

A Vietnam child was killed and 23 Vietnamese were wounded. The other American casualties were a military policeman and a medical corpsman, both of whom were wounded by the blast from a rocket.

Capt. John D. Medlin Jr. of Greensboro, N.C., commanding officer of the hospital detachment, said the hospital ward consisted of two quonset-type huts shaped like the letter H.

"The rocket exploded in the open area between the sides of the 'H' and tossed shrapnel

through both walls," he said. The rocket hit the hospital ward at 5:55 a.m., an hour and five minutes before Miss Lane would have gone off duty. She had been assigned to the hospital April 29.

"All the patients were sleeping," said Lt. Patricia E. Carr, of Louisville, Ky., who had

worked through the night with Miss Lane.

"We were just relaxing before starting to wake the patients up at 6 a.m. I was sitting behind the desk and Lt. Lane was sitting on an empty bed when the rocket hit."

Maj. Bruce Lippman of Glenwood Springs, Colo., was the first doctor on the scene.

"I was walking to get some early coffee when I heard the explosion," he said. I couldn't tell where the rocket had landed until I saw a number of Vietnamese running around crying. Then Lt. Carr took my arm and we went into the shattered ward.

"Nurse Lane died within seconds of being hit by a piece of shrapnel which entered through the throat."

Licensing Standards For Horseshoers OK

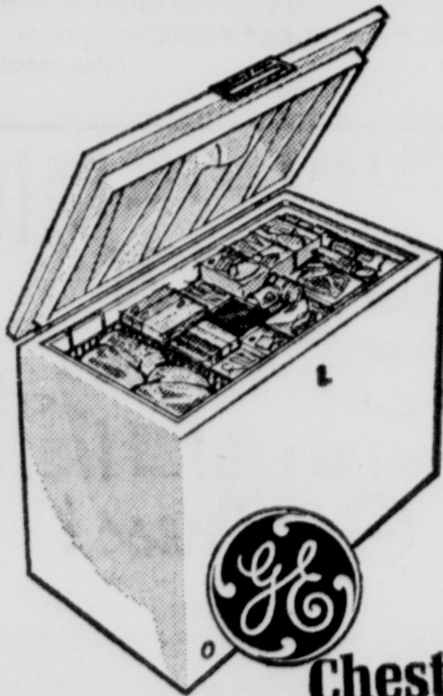

SPRINGFIELD, Ill. (AP) — The Illinois House refused to pass a bill to raise the licensing standards for horseshoers.

Objectors said it was hard enough now to pass the state's licensing tests for a business which has increasingly fewer practitioners. "You almost have to be a metallurgist," said Rep. Robert Craig.

NEW YORK (AP) — "Laugh-In" on NBC Monday night should have been a rare treat for this time of the year: a new show. Well, it wasn't exactly new, it was originally scheduled for the night of Dwight D. Eisenhower's funeral and thus was postponed.

It was easy to see it's age—there was a De Gaulle gag in midshow.

Perhaps it would have been better if the left-over hour had never reached the nation's living rooms. The guest star was the Rev. Billy Graham and however impressive the clergyman's talents, comedy obviously is not one of them.

At the outset, the smiling evangelist predicted, "Many people are going to criticize me for being on 'Laugh-In.' But Jesus moved among the publicans and sinners—and I think I can appear on 'Laugh-In.'"

Another sample of Graham gaffes included, "The family that watches 'Laugh-In' together really ought to pray together."

At another point, Graham informed Ruth Buzzi, in her spinster get-up, that "the Bible says that marriages are made in heaven and I predict that you will get three proposals this year."

"Oh, no, Billy boy," replied Miss Buzzi. "I'll take the first one."

There were more, and none was much better.

When the popular comedy series returns in the fall, Chelsea Brown, the attractive dark-skinned girl, will be missing from the cast of kooks. Signed as regulars are Pamela Rodgers and Teresa Graves who has recently been a member of the Doodletown Pipers.

The disappointing hour Monday was followed by a rerun of one of those two-hour features that Variety calls "pseudo-movies." This was "The Perils of Pauline," made as a pilot for a series of a couple of seasons back. No one has mentioned such a series since. It was a dreadful effort to kid old-time silent movie serials with such bad slapstick comedy it was embarrassing to watch.

ABC's "Dick Cavett Show" continues to be the brightest

IT'S STEVE McQUEEN back there, at a party in his honor in London, where he went to discuss film production. But look who's up front—Christine Keeler, "star" of the sexy Profumo scandal back in 1963. Asked how she spends her time nowadays, Miss Keeler said, "I just mess around in general."

Simon Decision Backed By ACLU

COLUMBUS, Ohio (AP) — Safety Director Fred Simon's decision not to suspend eight policemen accused of accepting payoffs from gamblers was supported Sunday by the Central Ohio Chapter of the American Civil Liberties Union.

Chairman Benson A. Wolman told Simon in a letter that the ACLU "supports your refusal to summarily suspend indicted police officers without a full hearing. Police officers must be given the same constitutional rights to which all citizens are entitled."

The eight officers indicted by a federal grand jury last week and two others named as co-conspirators were relieved from duty at full pay. Simon said he would not suspend the men prior to full hearings on the charges.

The plane made its maiden transatlantic flight non-stop over the North Pole to Paris in 9 hours, 30 minutes, from Seattle, Wash. (Cablephoto)

Ohio Legislators Ponder Aid To Parochial Schools

COLUMBUS, Ohio (AP)—The vice chairman of the House Education Committee is wondering if the legislature should commit itself to a new program of state aid to parochial schools.

"We can't afford two school systems in Ohio when we face public school closings next year," said Rep. Morris L. Boyd R-93 Hudson.

Boyd brought the issue out during Monday night's hearing on the education bill. His remarks were challenged by Committee Chairman Mark C. Schinnerer, R-49 Lakewood.

"What we ought to do is to establish some principles, then we will finance whatever we can finance," Schinnerer said. "Eventually there will be money."

Boyd said he was not opposed to the "theory" of the bill that provides 12 to 15 regional centers, increased emphasis on vocational education, subsidies for medical students at Case Western Reserve University and

aid to parochial schools. "But we've got to meet first things first," Boyd said. "If this legislature does not pass some sort of income tax bill there will be school closings next year."

"You wonder why I'm sponsoring a thing like this," Schinnerer said. "I'm not even a Catholic. But, if we don't do

Ohio Syndicalism Law Is Voided

WASHINGTON (AP)—Throwing out Ohio's criminal syndicalism law, the Supreme Court held unanimously today that a man cannot be punished for what he says unless his words are designed to incite lawlessness.

A law which fails to draw a distinction between teaching force and violence and preparing a group for violent action "impermissibly intrudes upon the freedoms guaranteed by the First and Fourteenth Amendments," the court said in an unsigned opinion.

The ruling reversed the conviction of Clarence Brandenburg, a Ku Klux Klansman from Cincinnati, who participated in a televised Klan rally in 1964 on a farm in Hamilton County. He had been sentenced to one to 10 years in prison and fined \$1,000.

Parts of the rally were broadcast on a local station in Cincinnati and eventually on a national network. The prosecution showed that Brandenburg had invited a television reporter to attend the rally and introduced testimony identifying Brandenburg as a speaker at the rally.

Twelve hooded figures, some carrying firearms, gathered around a burning wooden cross.

Man Falls To Death

ZANESVILLE, Ohio (AP)—Frank Hill, 73, of Zanesville fell 40 feet to his death Monday from a chimney he was painting. Police said he had untied a safety harness while trying to maneuver around the chimney.

something for them, they'll be in the laps of the public schools."

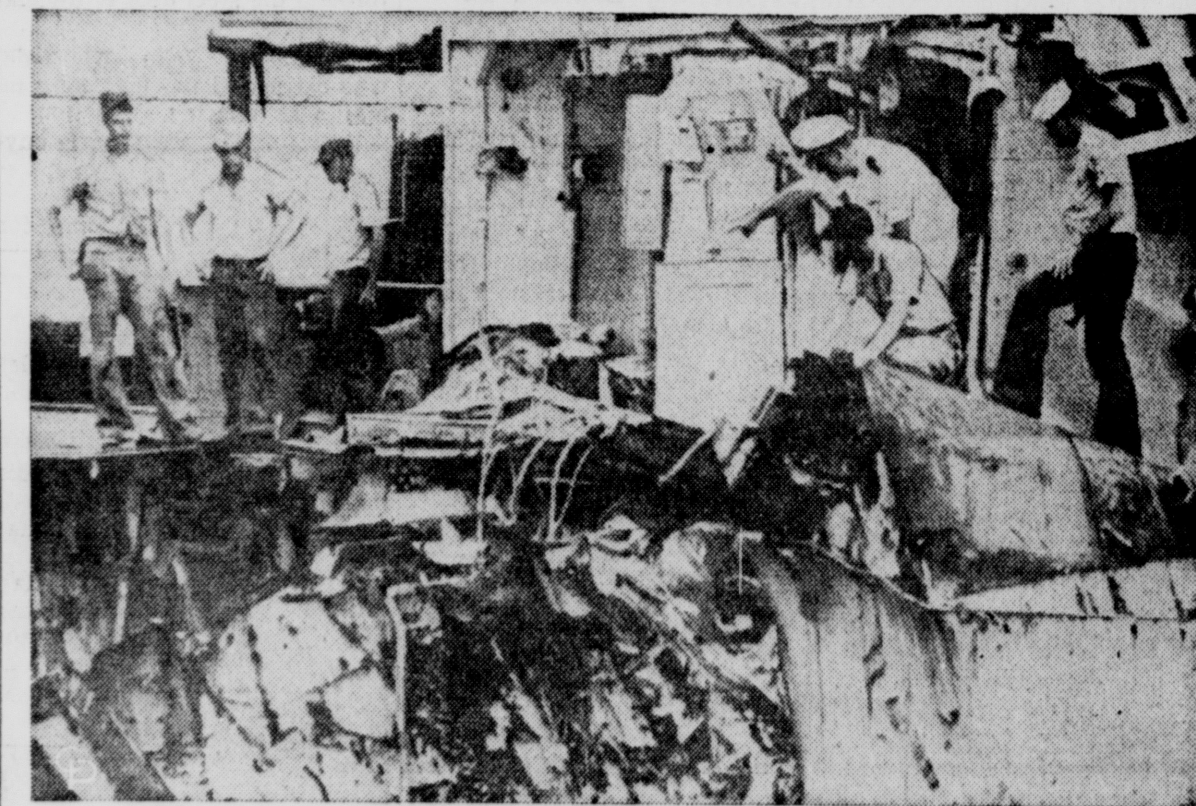

Schinnerer said he would like to see the passage of a Senate bill to increase the tax on a package of cigarettes from seven to 10 cents and to earmark the revenue for education.

"I don't know anyone except cigarette vendors who are opposed," Schinnerer said after the meeting.

The chairman took a wait and see attitude when asked if he felt the proposed county-based income tax had a chance.

Boyd also questioned whether the state should subsidize Case Western Reserve.

"Should we go down the road of supporting all private colleges?" he asked. "Once we go, we won't be able to turn back. Once the word gets out we'll have shortages all over the place."

ONE-HALF OF DESTROYER IN PORT—Lt. Cmdr. George L. McMichael (right, white uniform), executive officer of the U.S. destroyer Frank E. Evans, points out damage to the after-section of the vessel at Subic Bay, Philippines. The aftersection remained afloat after the Australian aircraft carrier Melbourne sliced the destroyer in half during maneuvers in the South China Sea, killing 74 American sailors. (Cablephoto)

'Illegal' Charter Flights Viewed By CAB

By VERN HAUGLAND
AP Aviation Writer

WASHINGTON (AP)—Thousands of tourists face possible cancellation of their trips because they may have unwittingly booked passage on illegal charter flights in Europe, according to Civil Aeronautics Board officials.

"We have rumors that there might be as many as 300 charters leaving out of California this year to Europe which have aspects of illegality about them," according to CAB mem-

ber John G. Adams.

"We hear rumors that as many as 100,000 persons may be moving on such flights who really ought not to be moving under a true interpretation of charter regulations," he added.

The large scale of questionable charter flight activity was aired officially for the first time at a CAB meeting last Thursday arranged by the National Air Carriers Association to enable its supplemental-airline members to outline major financial problems of the charter industry.

After listening to their woes, Adams addressed the group on "illegal type charters, particularly from California," that are giving the board serious concern.

The airlines involved—supplemental operators mostly—and the travel agents organizing the tours may be letting themselves in for civil penalties and suspensions.

There may be little recourse, outside of court action, for passengers who pay in advance for the tours that are disapproved.

Last Friday the Board refused to waive rules to permit two supplemental airlines—American Flyers Airline, Fort Worth, Tex., and Trans International Airlines, Oakland, Calif.—to operate 20 California-Europe

flights for the International Student Affairs Club, Los Angeles.

Supplemental airlines are permitted to operate flights for charter groups, but may not sell tickets or carry individual members of the public.

The board said the student club charters apparently were made available to the general public by advertising that failed

to comply with regulations, and nonmembers had been accepted on the proposed flights.

If the airlines go ahead and operate the flights in spite of the CAB action, they become subject to the board's enforcement measures.

"Very often the carrier who is a participant comes in at the last moment and asks the board to legalize something which is illegal," Adams said.

"If the carrier itself properly polices these things, they should not have to ask the board to do this."

CAB Vice Chairman Robert T. Murphy commented that when there is such a large measure of violation there may be something wrong with the rules.

"There is nothing evil in the desire to travel by air and to visit a foreign country cheaply," Murphy said.

He pointed out that the charter flight regulations were written several years ago, and that on the basis of the great amount of experience since then, the time may have come for a review.

3 Girls End School Days At Xavier U

CINCINNATI (AP)—The jeers and ribs three Cincinnati girls received during their college days at Xavier University here have subsided. Their days of being stared at have ended.

Mary Lynn Tekueve, Anne Marie Bourgeois and Julianne Blum were presented bachelors degrees during June commencement exercises to become the first women students to graduate from Xavier in a full-time-day undergraduate program.

Although the Jesuit-operated University will officially become coeducational in September, the undergraduate sector has been composed of men "with an occasional isolated case" of a woman taking a class, Xavier officials said.

Miss Tekueve and Miss Bourgeois said they will miss school and all the male students—about 2,800 were enrolled in daytime classes last year. Julianne is getting married soon and said she will not miss school or the young men too much.

All three, who are 22, attended girls' high schools here. "Guys would say, 'Did you come here for an MRS. Degree?'" Miss Bourgeois said. "But I think that after going there four years, we kind of all grew up together and they kind of got used to me and I to them. At first it was very uncomfortable."

FFA And FHA Meet At Paul Ewing's Home

On June 6 the Future Farmers of America and the Future Homemakers of America had a wiener roast and a hayride at Paul Ewing's home.

After the meal the FFA held its monthly meeting. It was decided at the meeting to have a scrap metal drive in the near future to help make money for the club. Any person who has scrap metal that they want to donate to the FFA should contact Keith Eitel, 474-4890. After the meeting a hayride was held.

The next FFA meeting will be on July 10.

36 Students Disciplined At Harvard

CAMBRIDGE, Mass. (AP)—A faculty-student committee, backed by a one-sided faculty vote, has expelled, suspended or placed on probation 36 students accused of helping seize Harvard's administration building April 9.

Another 99 received warnings Monday that involvement in any further breaches of university discipline would lead to their being placed on probation or ousted from the student body.

Three students, previously on probation, were dismissed outright.

Suspensions for one or two years were ordered for 13 other students involved in the seizure of University Hall, in which several Harvard deans were ejected by force from their offices during a protest against the Reserve Officer Training Corps.

Six of the students expelled or suspended were to have been graduated Thursday.

Students for a Democratic Society, which led the building takeover, condemned the penalties meted out by the committee of 10 faculty members and five students and threatened to disrupt Wednesday's class day programs and Thursday's commencement.

Rotary Club To Meet

Rotary Club members will be addressed by Joe Taylor of the Small Business Bureau during their regular meeting at the L-K Restaurant Thursday.

Taylor's subject will be "The Small Business Bureau, What It Is And What It Does."

Russians Still In Moon Race?

HAMBURG, Germany (AP)—Werner von Braun, the U.S. rocket expert, said in an interview Monday he believes the Russians are still in the moon race and a "breakdown" could cost the Americans their nose-length lead.

Von Braun, head of the Marshall Space Flight Center at Huntsville, Ala. said there were indications the Russians were developing a superrocket to enable their cosmonauts to fly directly to the moon.

"I am convinced that even today the Russians would very much like to land a man on the moon ahead of us. I believe that a year ago things stood at 50-50, that our recent successes put us in the lead by a full nose, that the Russians still have not given up the race and that today they are at the most a year behind us," Von Braun said in an interview published in the weekly illustrated magazine Stern.

Next Sunday Is Father's Day

A day when the family gathers 'round to share its affection with the most important man on earth, Dad, the good provider. His labor of love makes certain that his family has all the necessities and some of the luxuries that make life worth living.

He doesn't forget the future, either. A nest egg that he adds to regularly, provides for emergencies, builds up security. Don't forget Dad next Sunday. It's his day!

Ohio Legislators Ponder Aid To Parochial Schools

COLUMBUS, Ohio (AP)—The vice chairman of the House Education Committee is wondering if the legislature should commit itself to a new program of state aid to parochial schools.

"We can't afford two school systems in Ohio when we face public school closings next year," said Rep. Morris L. Boyd R-93 Hudson.

Boyd brought the issue out during Monday night's hearing on the education bill. His remarks were challenged by Committee C chairman Mark C. Schinnerer, R-49 Lakewood.

"What we ought to do is to establish some principles, then we will finance whatever we can finance," Schinnerer said. "Eventually there will be money."

Boyd said he was not opposed to the "theory" of the bill that provides 12 to 15 regional centers, increased emphasis on vocational education, subsidies for medical students at Case Western Reserve University and

aid to parochial schools.

"But we've got to meet first things first," Boyd said. "If this legislature does not pass some sort of income tax bill there will be school closings next year."

"You wonder why I'm sponsoring a thing like this," Schinnerer said. "I'm not even a Catholic. But, if we don't do

Ohio Syndicalism Law Is Voided

WASHINGTON (AP)—Throwing out Ohio's criminal syndicalism law, the Supreme Court held unanimously today that a man cannot be punished for what he says unless his words are designed to incite lawlessness.

A law which fails to draw a distinction between teaching force and violence and preparing a group for violent action "impermissibly intrudes upon the freedoms guaranteed by the First and Fourteenth Amendments," the court said in an unsigned opinion.

The ruling reversed the conviction of Clarence Brandenburg, a Ku Klux Klansman from Cincinnati, who participated in a televised Klan rally in 1964 on a farm in Hamilton County. He had been sentenced to one to 10 years in prison and fined \$1,000.

Parts of the rally were broadcast on a local station in Cincinnati and eventually on a national network. The prosecution showed that Brandenburg had invited a television reporter to attend the rally and introduced testimony identifying Brandenburg as a speaker at the rally.

Twelve hooded figures, some carrying firearms, gathered around a burning wooden cross.

Man Falls To Death

ZANESVILLE, Ohio (AP)—Frank Hill, 73, of Zanesville fell 40 feet to his death Monday from a chimney he was painting. Police said he had untied a safety harness while trying to maneuver around the chimney.

'Illegal' Charter Flights Viewed By CAB

By VERN HAUGLAND
AP Aviation Writer

WASHINGTON (AP)—Thousands of tourists face possible cancellation of their trips because they may have unwittingly booked passage on illegal charter flights in Europe, according to Civil Aeronautics Board officials.

"We have rumors that there might be as many as 300 charters leaving out of California this year to Europe which have aspects of illegality about them," according to CAB mem-

ber John G. Adams.

"We hear rumors that as many as 100,000 persons may be moving on such flights who really ought not to be moving under a true interpretation of charter regulations," he added.

The large scale of questionable charter flight activity was aired officially for the first time at a CAB meeting last Thursday arranged by the National Air Carriers Association to enable its supplemental-airline members to outline major financial problems of the charter industry.

After listening to their woes, Adams addressed the group on "illegal type charters, particularly from California," that are giving the board serious concern.

The airlines involved—supplemental operators mostly—and the travel agents organizing the tours may be letting themselves in for civil penalties and suspensions.

There may be little recourse, outside of court action, for passengers who pay in advance for the tours that are disapproved. Last Friday the Board refused to waive rules to permit two supplemental airlines—American Flyers Airline, Fort Worth, Tex., and Trans International Airlines, Oakland, Calif.—to operate 20 California-Europe

flights for the International Student Affairs Club, Los Angeles.

Supplemental airlines are permitted to operate flights for charter groups, but may not sell tickets or carry individual members of the public.

The board said the student club charters apparently were made available to the general public by advertising that failed

to comply with regulations, and nonmembers had been accepted on the proposed flights.

If the airlines go ahead and operate the flights in spite of the CAB action, they become subject to the board's enforcement measures.

"Very often the carrier who is a participant comes in at the last moment and asks the board to legalize something which is illegal," Adams said.

"If the carrier itself properly polices these things, they should not have to ask the board to do this."

CAB Vice Chairman Robert T. Murphy commented that when there is such a large measure of violation there may be something wrong with the rules.

"There is nothing evil in the desire to travel by air and to visit a foreign country cheaply," Murphy said.

He pointed out that the charter flight regulations were written several years ago, and that on the basis of the great amount of experience since then, the time may have come for a review.

3 Girls End School Days At Xavier U

CINCINNATI (AP)—The jeers and ribs three Cincinnati girls received during their college days at Xavier University here have subsided. Their days of being stared at have ended.

Rum Customer Favored In SD Challenge Stakes

FAVORED — Rum Customer, harness racing's 1968 Triple Crown champion, heads the seven horse field in the \$12,000 Challenge Stakes Thursday night at Scioto Downs. The blistering bay son of Poplar Byrd, set the world record for 3-year-old pacers in 1:56 at Indianapolis last season.

Rum Customer, harness racing's 1968 Triple Crown champion, heads the seven horse field in the \$12,000 Challenge Stakes Thursday night at Scioto Downs.

The Billy Houghton 4-year-old pacer is an early 8-5 co-favorite with Scioto-based Ozzie Hanover.

Rum Customer, who will be driven by veteran Al Winger, is fresh from a 2:00 2-5 win Saturday night at Yonkers Raceway.

The blistering bay son of Poplar Byrd set the world record for 3-year-old pacers at Indianapolis last season with a 1:56 time.

Ozzie Hanover, the Tar Heel son trained and driven by Gene Reigle, spun around Scioto's track ten days ago in 2:00.

Beau Butler, to be driven by J. D. Dennis, is another top horse in the field. The offspring of Adios Butler won the 3-year-old pace of the Scarlet and Grey Cup last summer at Scioto. Beau Butler is a 3-1 choice, holding a 1:58 3-5 lifetime mark.

Another horse to watch is Preferred Time, Ozzie Hanover's stablemate, also 3-1

Bert Yancey Confident Win In U.S. Open Is Possible

By WILL GRIMSLEY
Associated Press Sports Writer
HOUSTON, Tex. (AP) — Bert Yancey, who blows the big ones, says it's just a matter of growing up and he believes he's mature enough now to win the Open.

"I've changed a lot since last year," the tall, blond ex-West Pointer added today in recalling how he led through the first three rounds of the U.S. Open Golf championship a year ago

Marshall Hurls No Hitter; Fans 16 In LL Tilt

Steve Marshall twirled a no-hit shutout last night to pace the Washington Twp. Wildcats to a 10-0 rout of Laurelville in the first night of action of the Tri-County Little League Majors.

Marshall walked the first batter he faced and then retired the next 18 in a row, striking out 16.

The losing Laurelville pitcher was Elking. He gave up ten runs on 11 hits.

Tim Justus knocked the only extra base hit of the game, a homerun with nobody on base for the Wildcats. Justus also tagged a single in four at bats. Greg Justus managed three hits in four trips to the plate and Marshall helped his own cause with two singles in three at bats.

Lou Burdette Would Make Spitball Legal

ATLANTA (AP) — Lou Burdette was no friend of the hitter as an active major league pitcher but now he wants to help his former foes—by legalizing the spitball.

The big right-hander, who won 179 games for the Braves, says restoring the spitball would bring back the .300 hitter.

Burdette, now the minor league pitching coach for the expansion Montreal Expos, said, "That's right, if they would legalize the spitter again major league baseball would have more .300 hitters again."

"You let the batters know they might have to hit at the spitter, they'll quit taking those slim bats at the end and trying to hit everything out of the park."

"They'll get out those old bigger, heavier bats and will start punching to all fields again. That's what makes .300 hitters ..."

Burdette, just voted the Braves' greatest right-handed pitcher of all time in a poll of fans, said he never really did well with the spitter.

"I had the greatest psychological spitter of all time."

"I confess I tried to throw it after Birdie Tebbets complained about it when he was at Cincinnati...and Warren Giles (the National League president) gave me a clean bill of health after conferring with all his umpires."

"After Mr. Giles said I didn't throw it, I did...but they always seemed to hit it on the dry side," Burdette observed wryly.

But Burdette said the spitball still had its advantages for him.

"All I had to do was have one of the first three hitters go back to the bench complaining that I was throwing a spitter and I had them in the palm of my hand."

Burdette added that the spitball "was a seed that grew for me. The implication was that if that so-and-so didn't use the spitter and wasn't cheating, they could knock me all over the ball park."

"It was a defensive thing with them. Sometimes I think your success is only as deep and thick as your confidence."

Independents Bomb Container, 23-12

In Circleville Slowpitch Soft ball League action over the weekend, Circleville Independents bombed the Container Corporation, 23-12.

The contest was an offensive duel, Container getting 23 hits, two for doubles and the Independents garnering 28 hits including five homeruns and 10 doubles.

Ed Tomlinson paced the Independents at the plate with three homeruns in four times at the plate. Kelly Boyer and Lester Smith also tagged homers for the Independents.

Pilots Defeat Detroit, 3-2

By ED SCHUYLER JR.
Associated Press Sports Writer
Mickey Lolich passed out cigars to his Detroit teammates to celebrate the birth of his second daughter, then gave the Seattle Pilots practically nothing. But the Pilots still got the last laugh.

Joyce Lolich presented the Tiger left-hander with daughter No. 2 Monday morning. Lolich gave Seattle 16 strikeouts Monday night, but the Pilots spoiled things by handing Detroit a 3-2 loss in 10 innings.

Lolich did give Seattle something, and it was costly—a lead-off homer to Dick Simpson. He then struck out 16 through seven innings and yielded just three more hits, through nine, but the Tigers could get only one run off Seattle's Marty Pattin—and that came on Lolich's RBI single in the fifth.

Seattle won it off Pat Dobson, who came on after Lolich was lifted for a pinch hitter in the ninth.

In other action, Boston topped Minnesota 5-3, Kansas City trounced the New York Yankees 7-1 and Cleveland took the Chicago White Sox 5-1 in the American League while Cincinnati downed the Chicago Cubs 4-1 in the only day and National League contest.

Seattle got its winning runs on

a single by Don Mincher and Gus Gil's sacrifice fly. The Tigers rallied in the bottom of the 10th, scoring on Al Kaline's single and loading the bases with one out. But John Gelnar, the third relief pitcher of the inning, then stopped the rally.

It was the second 16-strikeout performance, high in the majors this year and Detroit record, for Lolich, who was making his first start since being hit on his left, or pitching, forearm by a line drive in a game against Oakland May 27. He struck out 16 in a 6-3 victory over California May 23.

Pattin, 6-4, who was lifted for a pinch hitter in the Seattle 10th, struck out nine and the total of 25 for nine innings tied the record for an American League

night game.

Boston built up a 5-1 lead, mainly on the strength of a two-run homer by Carl Yastrzemski, his 14th, and a solo shot by Rico Petrocelli, his 20th.

Minnesota then rallied for two runs and had the bases loaded with two out in the seventh. But Vicente Romo came on to end the inning and protect the lead the rest of the way.

Joe Pepitone's 17th homer in the second inning gave the Yankees an early lead, but Kansas City, which had lost four straight and 10-of-11, wrapped up the victory with five runs in the fifth.

The big inning was keyed by ex-Yank Ellie Rodriguez' three-run homer, which hit the right-field foul pole 296 feet from

home plate. It was his second major league homer and his second in as many days.

Cleveland, winning its sixth in seven games and handing the White Sox their fifth straight loss and ninth in 12 games, was sparked by Max Alvis, who hit his first homer of the season and singled in two more runs.

Cincinnati snapped the Cubs' seven-game winning streak as Bob Tolan doubled twice and scored twice. One of his doubles was a drag bunt which got between first baseman Ernie Banks and second baseman Nate Oliver.

"I was surprised the ball got through," said Tolan, "but it only proves how fast I am."

Namath Disappointed Jets Haven't Helped His Fight

STATELINE, Nev. (AP)—Joe Namath says he is "a little disappointed" with the New York Jets, the team that gave him \$400,000 to sign a pro football contract.

Namath is now out of pro football, at least he announced his retirement last Friday rather than sell his interest in a New York City tavern.

Pro football Commissioner Pete Rozelle said gamblers frequented the Bachelors III and ordered Namath to sell his one-third interest in the place or retire.

Namath said Monday the Jets supplied him with a list of unsavory characters who frequented the bar two months ago but had made "no attempt to help since."

"I was a little disappointed," added the hero of the Jets 16-7 Superbowl win over the Baltimore Colts.

Namath was sitting in a Lake Tahoe casino, surrounded by newsmen and gamblers. "I did not do anything wrong," he said at least twice.

Only two questions put to the Jets Quarterback drew "no comment" replies from him:

Would he be interested in buying into one of Nevada's legal gaming operations? Has he asked a Las Vegas bank for

a loan to finance buying a casino?

There had been a report that Namath was looking for such a loan.

Namath is in Nevada to play in the eighth annual Harrah's Invitational Golf Tournament. The same Bill Harrah who runs the tournament runs the largest gambling operation in the state.

Although he said he would like to talk to Rozelle, Namath held little hope such conversation would be profitable. "I do not expect him to budge an inch," said Namath.

Cleveland To Seek Franchise In NHL

MONTREAL (AP) — Cleveland Barons owner Nick J. Mileti prepared today to file a formal application for a National Hockey League franchise for Cleveland.

Mileti, who bought the Barons and the Cleveland arena nine months ago, said he expects also to file architects' plans for expanding the Arena to seat more than the 12,500 required for NHL facilities.

The arena now seats 9,230.

The NHL plans to expand from 12 to 14 clubs for the 1970-71 season, and Vancouver has been assured one spot.

Rules Allow Skiers To Accept Expenses

WARSAW (AP) — New rules created by the International Ski Federation (ISF) that allow skiers to receive expense money and appear in advertisements under certain conditions have been endorsed by the International Olympic Committee.

In a statement issued Monday after its annual meeting, the IOC said it "welcomed" recent steps taken by the ISF to control eligibility of skiers in the Winter Games.

Rum Customer Favored In SD Challenge Stakes

FAVORED — Rum Customer, harness racing's 1968 Triple Crown champion, heads the seven horse field in the \$12,000 Challenge Stakes Thursday night at Scioto Downs. The blistering bay son of Poplar Byrd, set the world record for 3-year-old pacers in 1:56 at Indianapolis last season.

Rum Customer, harness racing's 1968 Triple Crown champion, heads the seven horse field in the \$12,000 Challenge Stakes Thursday night at Scioto Downs.

The Billy Houghton 4-year-old pacer is an early 8-5 co-favorite with Scioto-based Ozzie Hanover.

Rum Customer, who will be driven by veteran Al Winger, is fresh from a 2:00 2-5 win Saturday night at Yonkers Raceway.

The blistering bay son of Poplar Byrd set the world record for 3-year-old pacers at

Indianapolis last season with a 1:56 time.

Ozzie Hanover, the Tar Heel son trained and driven by Gene Reigle, spun around Scioto's track ten days ago in 2:00.

Beau Butler, to be driven by J. D. Dennis, is another top horse in the field. The offspring of Adios Butler won the 3-year-old pace of the Scarlet and Grey Cup last summer at Scioto. Beau Butler is a 3-1 choice, holding a 1:58 3-5 lifetime mark.

Another horse to watch is Poplar Byrd set the world record for 3-year-old pacers at

in early betting circles. Scioto veteran, Erv Samples, will be driving Preferred Time.

Filling out the remainder of the card is Direct Sammy at 4-1. Another Time, winner of 17 of 34 starts in 1968 and a 6-1 bet, and Introvert at 10-1.

But Rum Customer appears, from early indications, to be the horse to beat.

Nicknamed Rummy by his trainer, he captured the Triple Crown last year by winning the Little Brown Jug, the Cane Futurity and the Messenger Stakes — earning \$355,618.

Bert Yancey Confident Win In U.S. Open Is Possible

By WILL GRIMSLEY
Associated Press Sports Writer
HOUSTON, Tex. (AP) — Bert Yancey, who blows the big ones, says it's just a matter of growing up and he believes he's mature enough now to win the Open.

"I've changed a lot since last year," the tall, blond ex-West Pointer added today in recalling how he led through the first three rounds of the U.S. Open Golf championship a year ago

at Oak Hill in Rochester, N.Y., only to finish third, six strokes back of the winner, Lee Trevino.

"Lee wanted to win more than I did," he added. "I have a strange feeling out on the course in that final round. I didn't think I was worthy to be Open champion. So you might say I gave it away."

The year before, in 1967, Yancey opened with a 67 in the Masters for a three-stroke lead, still led by a shot after the second round and tied after 54. He shot a final round 73 and finished third behind the late-charging Gay Brewer, Jr.

"It was the same thing," Yancey explained while tuning up for the Open starting Thursday over the Champions Club's Cypress Creek Course. "I just couldn't visualize myself being in a class with the greats who had won the event. I talked myself out of it."

The 30-year-old Floridian acknowledged that he had been in awe of such giants as Arnold Palmer, Jack Nicklaus and Bill Casper—but no more.

"I've won five tournaments on the tour now," he said. "This year I've already won around \$50,000, my best year yet, and have a tournament title (Atlanta). Palmer and Nicklaus aren't playing as well. So my attitude has changed."

"I have convinced myself that if anyone can win this Open, I can."

Yancey grew up in Jacksonville, Fla., started playing golf at five, won the national pee wee championship at 13. He en-

tered West Point but suffered a nervous breakdown and later enrolled at Florida State, turning pro in 1961 before finishing college.

Ambos New Indian Coach

Dale Ambos, former assistant football coach at Circleville High School, has been named head coach for Hillsboro High School.

Ambos, with the Tigers from 1964 to 1966, served under Paul Starr.

In 1966, he coached at Lima Perry and from 1967 to 1969 he has been head coach at Roseville in Perry County.

Ambos will succeed James A. Stanley, who will take over the head coaching responsibilities at Fairborn.

AMBOS is a 1960 graduate of Margaretta High School in Castalia, near Sandusky and attended Capital University, where he played one year of reserve football and three years of varsity football.

He has a major in mathematics and a minor in physical education. He will be the high school math instructor at Hillsboro.

The new head mentor is married and has two children, both boys. He will live in the Hillsboro area.

Last season, the Tigers beat Hillsboro for one of their three wins, 33-12.

Lou Burdette Would Make Spitball Legal

ATLANTA (AP) — Lou Burdette was no friend of the hitter as an active major league pitcher but now he wants to help his former foes—by legalizing the spitball.

The big right-hander, who won 179 games for the Braves, says restoring the spitball would bring back the .300 hitter.

Burdette, now the minor league pitching coach for the expansion Montreal Expos, said, "That's right, if they would legalize the spitter again major league baseball would have more .300 hitters again."

"You let the batters know they might have to hit at the spitter, they'll quit taking those slim bats at the end and trying to hit everything out of the park."

"They'll get out those old bigger, heavier bats and will start punching to all fields again. That's what makes .300 hitters ..."

Burdette, just voted the Braves' greatest right-handed pitcher of all time in a poll of fans, said he never really did well with the spitter.

"I had the greatest psychological spitter of all time."

"I confess I tried to throw it after Birdie Tebbetts complained about it when he was at Cincinnati...and Warren Giles (the National League president) gave me a clean bill of health after conferring with all his umpires."

"After Mr. Giles said I didn't throw it, I did...but they always seemed to hit it on the dry side," Burdette observed wryly.

But Burdette said the spitball still had its advantages for him. "All I had to do was have one of the first three hitters go back to the bench complaining that I was throwing a spitter and I had them in the palm of my hand."

Burdette added that the spitball "was a seed that grew for me. The implication was that if that so-and-so didn't use the spitter and wasn't cheating, they could knock me all over the ball park."

"It was a defensive thing with them. Sometimes I think your success is only as deep and thick as your confidence."

Independents Bomb Container, 23-12

In Circleville Slowpitch Softball League action over the weekend, Circleville Independents bombed the Container Corporation, 23-12.

The contest was an offensive duel, Container getting 23 hits, two for doubles and the Independents garnering 28 hits including five homers and 10 doubles.

Ed Tomlinson paced the Independents at the plate with three homers in four times at the plate. Kelly Boyer and Lester Smith also tagged homers for the Independents.

Pilots Defeat Detroit, 3-2

By ED SCHUYLER JR.
Associated Press Sports Writer
Mickey Lolich passed out cigars to his Detroit teammates to celebrate the birth of his second daughter, then gave the Seattle Pilots practically nothing. But the Pilots still got the last laugh.

Joyce Lolich presented the Tiger left-hander with daughter No. 2 Monday morning. Lolich gave Seattle 16 strikeouts Monday night, but the Pilots spoiled things by handing Detroit a 3-2 loss in 10 innings.

Lolich did give Seattle something, and it was costly—a lead-off homer to Dick Simpson. He then struck out 16 through seven innings and yielded just three more hits, through nine, but the Tigers could get only one run off Seattle's Marty Pattin—and that came on Lolich's RBI single in the fifth.

Seattle won it off Pat Dobson, who came on after Lolich was lifted for a pinch hitter in the ninth.

In other action, Boston topped Minnesota 5-3, Kansas City trounced the New York Yankees 7-1 and Cleveland took the Chicago White Sox 5-1 in the American League while Cincinnati downed the Chicago Cubs 4-1 in the only day and National League contest.

Seattle got its winning runs on

a single by Don Mincher and Gus Gil's sacrifice fly. The Tigers rallied in the bottom of the 10th, scoring on Al Kaline's single and loading the bases with one out. But John Gelnar, the third relief pitcher of the inning, then stopped the rally.

It was the second 16-strikeout performance, high in the majors this year and Detroit record, for Lolich, who was making his first start since being hit on his left, or pitching, forearm by a line drive in a game against Oakland May 27. He struck out 16 in a 6-3 victory over California May 23.

Pattin, 6-4, who was lifted for a pinch hitter in the Seattle 10th, struck out nine and the total of 25 for nine innings tied the record for an American League

night game. Boston built up a 5-1 lead, mainly on the strength of a two-run homer by Carl Yastrzemski, his 14th, and a solo shot by Rico Petrocelli, his 20th. Minnesota then rallied for two runs and had the bases loaded with two out in the seventh. But Vicente Romo came on to lead the inning and protect the lead the rest of the way.

Joe Pepitone's 17th homer in the second inning gave the Yankees an early lead, but Kansas City, which had lost four straight and 10-of-11, wrapped up the victory with five runs in the fifth.

The big inning was keyed by ex-Yank Ellie Rodriguez' three-run homer, which hit the right-field foul pole 296 feet from

home plate. It was his second major league homer and his second in as many days.

Cleveland, winning its sixth in seven games and handing the White Sox their fifth straight loss and ninth in 12 games, was sparked by Max Alvis, who hit his first homer of the season and singled in two more runs.

Cincinnati snapped the Cubs' seven-game winning streak as Bob Tolan doubled twice and scored twice. One of his doubles was a drag bunt which got between first baseman Ernie Banks and second baseman Nate Oliver.

"I was surprised the ball got through," said Tolan, "but it only proves how fast I am."

Dinah Storm Wins At SD

Dinah Storm, owned by William Arledge, raced to a 2:07.4 mile last night at Scioto Downs to win the fourth race.

Driven by Jim Arledge, the gray mare paid \$13.40, \$7, and \$4.60.

One and Only, driven by Don Irvine and owned by Harry Margulis, took second place in the sixth race behind Ideal Rodney. The trotter paid \$8.20 and \$3.

In the eighth race, Little Berry finished third and paid \$2.60. The horse is owned by Albert and Marilla Kerns of Stoutsville and was driven by Terry Holton.

The 1-7 daily double combination of Hanna Diller and Su Mat Liz paid \$10. The 2-6 quinnella returned \$182.70.

A crowd of 3,833 wagered \$178,505.

Namath Disappointed Jets Haven't Helped His Fight

STATELINE, Nev. (AP)—Joe Namath says he is "a little disappointed" with the New York Jets, the team that gave him \$400,000 to sign a pro football contract.

Namath is now out of pro football, at least he announced his retirement last Friday rather than sell his interest in a New York City tavern.

Pro football Commissioner Pete Rozelle said gamblers frequent the Bachelors III and ordered Namath to sell his one-third interest in the place or retire.

Namath said Monday the Jets supplied him with a list of unsavory characters who frequented the bar two months ago but had made "no attempt to help since."

"I was a little disappointed," added the hero of the Jets 16-7 Superbowl win over the Baltimore Colts.

Namath was sitting in a Lake Tahoe casino, surrounded by newsmen and gamblers. "I did not do anything wrong," he said at least twice.

Only two questions put to the Jets Quarterback drew "no comment" replies from him:

Would he be interested in buying into one of Nevada's legal gaming operations? Has he asked a Las Vegas bank for

a loan to finance buying a casino?

There had been a report that Namath was looking for such a loan.

Namath is in Nevada to play in the eighth annual Harrah's Invitational Golf Tournament. The same Bill Harrah who runs the tournament runs the largest gambling operation in the state.

Although he said he would like to talk to Rozelle, Namath held little hope such conversation would be profitable. "I do not expect him to budge an inch," said Namath.

Cleveland To Seek Franchise In NHL

MONTREAL (AP) — Cleveland Barons owner Nick J. Mileti prepared today to file a formal application for a National Hockey League franchise for Cleveland.

Mileti, who bought the Barons and the Cleveland arena nine months ago, said he expects also to file architects' plans for expanding the arena to seat more than the 12,500 required for NHL facilities.

The arena now seats 9,230. The NHL plans to expand from 12 to 14 clubs for the 1970-71 season, and Vancouver has been assured one spot.

Rules Allow Skiers To Accept Expenses

WARSAW (AP) — New rules created by the International Ski Federation (ISF) that allow skiers to receive expense money and appear in advertisements under certain conditions have been endorsed by the International Olympic Committee.

In a statement issued Monday after its annual meeting, the IOC said it "welcomed" recent steps taken by the ISF to control eligibility of skiers in the Winter Games.

Bloopers, Bunts Give Cincy Win, 4-1

CHICAGO (AP) —The hard-hitting Cincinnati Reds surprised the streaking Chicago Cubs Monday with a rather strange attack including a bunt double and three bloop two-base hits.

The result was a 4-1 victory that halted the Cubs' seven-game winning streak and left the Reds two games behind front-runner Atlanta.

Bobby Tolan registered his first bunt double ever along with a blooping two-base hit and Tony Perez contributed two Texas League doubles.

"I was surprised the ball got through but it only proves how fast I am," Tolan said about the bunt double in the sixth inning that helped give the Reds a 2-0 lead.

With one out and the score 1-0, Tolan dragged the ball past pitcher Ferguson Jenkins and second baseman Nate Oliver tried to barehand the ball and throw to first in the same mo-

ment. He missed the ball completely.

"I've never seen it done before," said Manager Dave Bristol.

Tolan, whose double in the first inning led to the Reds first run, said that the bunt double "was the first I've ever gotten. But I'll take it. I'll take anything I can get."

Perez' second double knocked in Tolan in the sixth. "Yeah, I sure showed him," said Perez, referring to Jenkins who had knocked him down with a pitch. "Two pop-fly doubles. But they all count and so does the win."

The hits extended Tolan's consecutive batting streak to 12 games.

George Culver and Wayne Granger combined to hold the Cubs to one run and seven hits. In relief, Granger allowed one single in three innings to pick up a save and help preserve the victory for Culver, now 4-4

although he has not completed a game this year.

"It would be a lot easier if I could keep fewer men on base," said Culver who failed to retire the side in order in any of six innings. "I got some

breaks today. When I was warming up, it didn't seem like I had much coordination."

Culver added a single in the Reds' one-run seventh for his first hit of the year.

Aetna Life To Give

Babe Ruth Trophies

Babe Ruth baseball teams in the Circleville area again will compete for championship trophies to be awarded by Aetna Life and Casualty.

General Agent Burton C. Holmes, C.L.U., head of Aetna Life and Casualty's life division at Columbus, said his office will present trophies to winners of Babe Ruth District play-offs in the area as part of a national Aetna-Babe Ruth awards program.

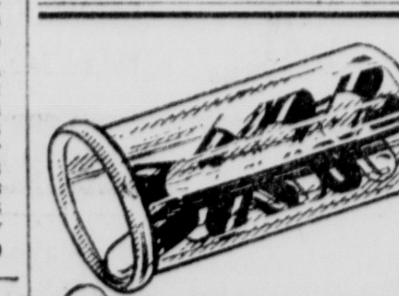

Countrywide, Aetna Life and Casualty will present more than 700 team and individual trophies to district, state and regional champions and to competitors in the Babe Ruth World Series at Mattoon, Ill., August 16-23.

SLICK CHICK — Denise Long, the 18-year-old gal cage star from Whitten, Ia., shows off her skills in a practice set with Nate Thurmond of the San Francisco Warriors. Denise was drafted by the Warriors who plan to set up a women's basketball league. Denise averaged 70 points a game for her girls' team last season. She's 5'11" tall.

Bloopers, Bunts Give Cincy Win, 4-1

CHICAGO (AP)—The hard-hitting Cincinnati Reds surprised the streaking Chicago Cubs Monday with a rather strange attack including a bunt double and three bloop two-base hits.

The result was a 4-1 victory that halted the Cubs' seven-game winning streak and left the Reds two games behind front-runner Atlanta.

Bobby Tolan registered his first bunt double ever along with a blooping two-base hit and Tony Perez contributed two Texas League doubles.

"I was surprised the ball got through but it only proves how fast I am," Tolan said about the bunt double in the sixth inning that helped give the Reds a 2-0 lead.

With one out and the score 1-0, Tolan dragged the ball past pitcher Ferguson Jenkins and second baseman Nate Oliver tried to barehand the ball and throw to first in the same motion.

He missed the ball completely.

"I've never seen it done before," said Manager Dave Bristol.

Tolan, whose double in the first inning led to the Reds first run, said that the bunt double "was the first I've ever gotten. But I'll take it. I'll take anything I can get."

Perez' second double knocked in Tolan in the sixth.

"Yea, I sure showed him," said Perez, referring to Jenkins who had knocked him down with a pitch. "Two pop-fly doubles. But they all count and so does the win."

The hits extended Tolan's consecutive batting streak to 12 games.

George Culver and Wayne Granger combined to hold the Cubs to one run and seven hits. In relief, Granger allowed one single in three innings to pick up a save and help preserve the victory for Culver, now 4-4

although he has not completed a game this year.

"It would be a lot easier if I could keep fewer men on base," said Culver who failed to retire the side in order in any of six innings. "I got some breaks today. When I was warming up, it didn't seem like I had much coordination."

Culver added a single in the Reds' one-run seventh for his first hit of the year.

DUST RAISER—Taking off from a hill top near the Demilitarized Zone in South Vietnam, after landing supplies for U.S. Marines, a CH-46 helicopter raises clouds of dust.

State School Board Faces Protesters

COLUMBUS, Ohio (AP) — Despite efforts to convince the public that proposed new elementary school standards have nothing to do with sex education, the State Board of Education found itself facing a roomful of protesters Monday.

After half a dozen speakers voiced opposition to sex education in public schools, the board shut off the debate and said further discussion of the sub-

jet would be accepted only in writing.

John E. Brown, director of the division of elementary and secondary education, told about 250 people jammed into the hearing room that sex education is not proposed in the new standards.

He said the standards do suggest that if sex education is instituted in public schools it be by local decision and on a gradual basis.

Monday's hearing, held in conjunction with a special board meeting, followed five regional hearings around the state. The board is expected to act on the new standards at its July meeting.

Among other things, the new standards propose a 30-1 pupil-teacher ratio, more frequent in-

spection of elementary schools and compliance with all minimum standards before schools would be accredited or receive state financial aid.

In other action, the board approved construction contracts totaling \$2.3 million, including \$1,002,500 for the East Technical High School and Max S. Hayes High School, both in Cleveland, and \$1,268,000 for the Scioto County Joint Vocational School District and Technical Institute at Portsmouth.

Holbrook Gets Vo-Ag Award

STEVE HOLBROOK

Steve Holbrook, son of Mr. and Mrs. James Holbrook of Route 3, received the Dekalb Award given to a senior boy in Vocational Agriculture for his leadership and farm ability.

Holbrook has been in Vocational Agriculture for four years. During these years he was treasurer and vice-president of the FFA. He served on the newspaper staff and was on the parliamentary procedure team.

Steve plans to attend Clark County Technical School at Springfield.

End Outbreak In Cleveland

CLEVELAND, Ohio (AP) — A series of disturbances erupted on Cleveland's East Side Monday night after an 18-year-old white youth was stabbed to death, reportedly by a group of Negroes.

Police said the stabbing death of Donald Wright touched off rock and bottle throwing on Woodland Avenue in a racially mixed neighborhood. Reports of gunshots and firecrackers brought an order for detectives investigating the stabbing to leave the area, and police cordoned off Woodland Avenue from East 93rd to East 112th Streets.

Three white men were arrested in a car at East 93rd Street and Woodland Avenue, and guns were confiscated from the automobile, police said. The men were charged with carrying concealed weapons.

Police said Woodland was blocked off as a precautionary measure, and the area was reported calm early today.

However, looting broke out in the Glenville area to the north. Windows were smashed in at least five stores from East 107th to East 124th Streets on St. Clair Avenue. Police arrested eight men they said broke into a furniture store.

Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. FASTERE, an alkaline (non-acid) powder to sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, gooey taste or feeling. Dentures that fit are essential to health. See your dentist regularly. Get FASTERE at all drug counters.

Y Day Camp Bus Schedule Announced

Eight Circleville and five county stops will be made by the YMCA Day Camp bus, according to Y Director, Harold Hewitt.

The camp bus will begin its morning rounds at 8 a.m. and will return campers at approximately 4 p.m.

Campers will be picked up at the school nearest their homes and special stops will be made for groups of seven or more.

The daily bus transportation will be included in the camp fee.

FOR the first period, June 31 to July 10, the bus will stop at High Street, Atwater, Nicholas Drive, Mound, St. Joseph, Corwin Street and Williamsport schools.

For the second period, July 14 to July 18, the bus will follow the same schedule for Circleville schools plus Ashville, Walnut, Washington, Pickaway and Salt Creek schools.

The third period, July 21 to July 31, the camp bus will follow the same schedule for Circleville, Ashville and Logan Elm schools.

According to Hewitt, the camp will operate, rain or shine. Special rainy day activities, such as trips and visits to the Y will be conducted if weather is bad.

Added to this summer's program will be overnight camping for girls, in addition to boys.

He stated that there are still openings in all of the periods. Information on Day Camp can be obtained by calling the local YMCA office at 474-8621. Brochures will be mailed on request.

Bow Sees Viet Peace Nearer

SAN DIEGO, Calif. (AP) — Rep. Frank T. Bow said Monday he believes "we're closer to peace in Vietnam than most people think."

The Ohio Republican, ranking minority member of the House Appropriations Committee, said he expects "something to break before the end of the year," but did not elaborate.

Bow was here to deliver the commencement address at the Bishop's School in La Jolla.

Close Vote . .

(Continued from Page 1) Under the bill, Ohio would conduct its own meat inspection program. Funding would be on a 50-50 basis with the federal government. Each would contribute \$2.7 million over the next two years.

The bill's sponsor, Sen. Tenneyson Guyer, R-2, Findlay, said the only alternative to passing the bill would be federal inspection of meat in Ohio.

In other action, the Senate concurred in House amendments on two bills. One increases the maximum amount of parental liability for property damages incurred by a minor from \$800 to \$2,000.

The second bill sets maximum assaults on persons by their minor children.

Sen. Michael Maloney R-7 Cincinnati introduced a bill to provide for the reduction of tax levies in proportion to increases in property valuation ordered by the Board of Tax Appeals.

The Ohio Legislative Office Building Committee reviewed two sets of architectural plans for new quarters for Ohio's legislature.

One proposal is to build a two-story underground office building on the site now occupied by the Statehouse Annex, which would be torn down.

The second proposal is to build identical tower office buildings on opposite sides of the Statehouse.

Committee chairman Robert E. Stockdale, R-31 Kent, urged the committee to reach a decision as soon as possible. He scheduled a meeting for next Monday.

Sen. Young Votes Against Burger

WASHINGTON (AP)—U.S. Sen. Stephen M. Young, D-Ohio, was one of three opponents as the Senate confirmed 74-3 Monday the nomination of Warren E. Burger to be Chief Justice of the United States.

Republican Sen. William B. Saxbe of Ohio voted with the majority.

Nixon Awaits Troop Cut Response

SAN CLEMENTE, Calif. (AP) — President Nixon, heading home from the Midway summit conference, hopes his decision to begin withdrawing U.S. troops from South Vietnam will be read by Communist peace negotiators as a significant signal.

Nixon will get a formal Washington welcome from Vice President Spiro T. Agnew and other dignitaries and will deliver "general remarks."

His comments will be broadcast live by some networks. The Cabinet and some mem-

bers of Congress from both parties will participate in the welcome, with Nixon accorded full military honors.

In early evening, Republican and Democratic leaders of Congress meet with Nixon in the White House to get a first-hand report on his Midway meeting Sunday with President Nguyen Van Thieu of South Vietnam.

White House sources, who declined to be identified by name, said Nixon and his aides believed the Midway sessions were successful and that administration objectives were achieved.

They said Nixon was hopeful that his decision to withdraw 25,000 U.S. troops from South Vietnam by the end of August would convey a significant message to the other side.

The bulk of the 25,000 will be combat troops, the said, and asserted this fact should underscore the intended signal.

While Nixon and Thieu indicated more troops will be pulled out later, the White House said there is no numerical target for the year.

Initial reaction to the troop withdrawal from North Vietnam

and the National Liberation Front, political arm of the Viet Cong, was to denounce it as mere propaganda.

White House sources said the initial negative reaction was predictable.

The White House reported that a tentative decision to begin the withdrawals was made about six weeks ago, but insisted that a final decision on the details was not reached until the two presidents met at Midway.

The Midway conference was pictured by the American sources as one of a series of recent major turning points in the Washington-Saigon approach to the Paris peace talks.

At the end of March, they noted, Thieu offered to enter into unconditional negotiations with representatives of the National Liberation Front. Then came Nixon's eight-point peace plan of May 14, followed by the Midway agreement to begin gradually replacing U.S. forces with newly trained and equipped South Vietnamese units.

While the sources said they did not want to speculate, they hinted strongly that Thieu soon can be expected to spell out in greater detail his suggestions for the political evolution of South Vietnam.

6th Brutal Slaying Victim Found At Ann Arbor, Mich.

ANN ARBOR, Mich. (AP) — A pretty, unidentified young woman, shot, stabbed and sexually abused, is the latest victim in a chain of six slayings near this college town in 22 months.

Her mutilated body was discovered Monday on an abandoned farm. Sheriff Douglas J. Harvey said it seemed probable she had met her fate at the hands of the same killer as the others. He added that no likely suspect had been sighted.

Since Aug. 7, 1967, the bodies of five other girls have been found within a seven-mile radius of Ann Arbor, home of the University of Michigan. Two of the victims were coeds at Eastern Michigan University in nearby Ypsilanti and one was a student at the University of Michigan.

The one death that didn't fit the pattern was that of Jane Louise Mixer, 23, a student at the Michigan law school from Muskegon, Mich.

Unlike the others, her body, which was found March 21 in a cemetery near Ypsilanti, was fully clothed, there was no evidence that she had been sexual-

ly attacked, and she had been killed by several shots in the head.

All the other girls had been stabbed or strangled.

The latest victim, however, was both stabbed—once in the heart, seven times in the chest—and shot—once in the head.

Harvey said he and his men thought they were looking for a single killer, adding that there were "similarities linking all the deaths."

The unidentified victim was described as 5 feet, 5 inches tall, weighing 137 pounds with long, dark hair. Police said she was between 18 and 20 years old.

She was dressed in a purple blouse, a white miniskirt and a multicolored striped coat. No shoes were found.

The body lay near a clump of bushes on an abandoned farm, one of many in the farmed-out area of northern Washtenaw County.

Three teen-age boys discovered the body about 4 p.m.

Hodges Granted Change In Venue

BOWLING GREEN, Ohio (AP) — Common Pleas Judge Fred Warren granted a change of venue Monday for the trial of Mark Hodges on a first-degree murder charge.

Attorneys for Hodges, 28, accused of slaying Karen Kern, 20, of Sylvania in October 1967, had asked that the trial be moved because of publicity surrounding the case.

The Wood County prosecutor's office said the trial probably will be moved to Ashland County if the case load there isn't too heavy.

Defendant Must Pay Retrial Costs, Rule

COLUMBUS, Ohio (AP) — When a mistrial occurs and a new trial results in a conviction, the defendant must pay all prosecution costs, including jury fees, Att. Gen. Paul Brown ruled Monday.

In an opinion sought by Morrow County Prosecutor Dean E. Curl, Brown said if a defendant pleads guilty before a jury is called in a new trial, he will not have to pay fees for that jury.

Harvey said the girl had been killed sometime Sunday night.

The young women killed in the area have ranged in age from 13 to 23. They were, in addition to the unidentified girl and Miss Mixer, Mary Flezar, 19, Joan Schell, 20, Maralynn Skelton, 19, and Dawn Basom, 13.

VIETNAM TROOP WITHDRAWAL ANNOUNCED — President Nixon and President Nguyen Van Thieu stand shoulder-to-shoulder on Midway Island as they announce jointly that Nixon has ordered the return of 25,000 men from Vietnam. The withdrawal will begin within 30 days and be completed by the end of August. The announcement followed a one-day meeting. (Radiophoto)

Mr. Marlin I. Myers
Route No. 4
Circleville, Ohio

Dear Mr. Myers:

Your letter of recent date regarding charges of Communist influences in the United Electrical Radio and Machine Workers of America (UE), has come to my attention.

I can only reiterate what I wrote to Mr. Daniel Marguriet on September 8, 1967; that is, the Department of Justice informed me that the UE was not a part of the list maintained by that Department of organization in the United States which are affiliated with the Communist Party, and/or which are infiltrated or dominated by known or suspected Communists.

I have had no reason to question this information from the Justice Department, nor have I contacted them concerning this matter since my 1967 inquiry.

I hope the foregoing is of benefit to you and answers your questions. It was a pleasure to have been of assistance to you.

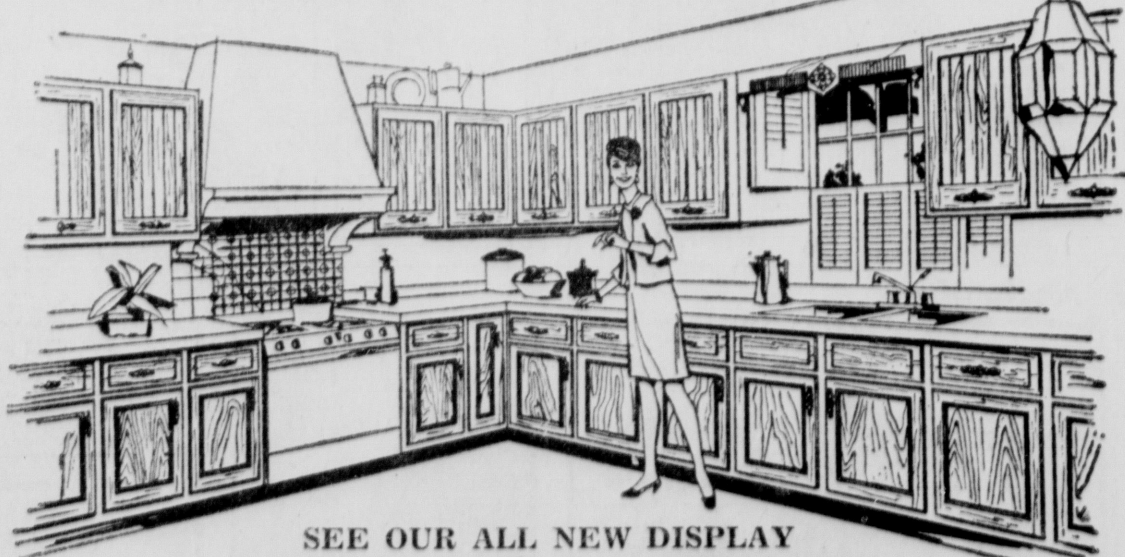

With every kind regard, I am

Sincerely yours,
John H. Dent, M.C.

DUST RAISER—Taking off from a hill top near the Demilitarized Zone in South Vietnam, after landing supplies for U.S. Marines, a CH-46 helicopter raises clouds of dust.

State School Board Faces Protesters

COLUMBUS, Ohio (AP) — Despite efforts to convince the public that proposed new elementary school standards have nothing to do with sex education, the State Board of Education found itself facing a roomful of protesters Monday.

After half a dozen speakers voiced opposition to sex education in public schools, the board shut off the debate and said further discussion of the sub-

jet would be accepted only in writing.

John E. Brown, director of the division of elementary and secondary education, told about 250 people jammed into the hearing room that sex education is not proposed in the new standards.

He said the standards do suggest that if sex education is instituted in public schools it be by local decision and on a gradual basis.

Monday's hearing, held in conjunction with a special board meeting, followed five regional hearings around the state. The board is expected to act on the new standards at its July meeting.

Among other things, the new standards propose a 30-1 pupil-teacher ratio, more frequent in-

spection of elementary schools and compliance with all minimum standards before schools would be accredited or receive state financial aid.

In other action, the board approved construction contracts totaling \$2.3 million, including \$1,002,500 for the East Technical High School and Max S. Hayes High School, both in Cleveland, and \$1,268,000 for the Scioto County Joint Vocational School District and Technical Institute at Portsmouth.

OLD MAIN BURNS, ARSON BLAMED — Flames envelop the bell tower of Old Main as it falls on the campus of Southern Illinois University in Carbondale. Built in 1883, the tower was on the oldest administration building on the campus. Arsonists were blamed. About 100 students helped save some of the artifacts and historical records in the building.

Holbrook Gets Vo-Ag Award

STEVE HOLBROOK

Steve Holbrook, son of Mr. and Mrs. James Holbrook of Route 3, received the Dekalb Award given to a senior boy in Vocational Agriculture for his leadership and farm ability.

Holbrook has been in Vocational Agriculture for four years. During these years he was treasurer and vice-president of the FFA. He served on the newspaper staff and was on the parliamentary procedure team.

Steve plans to attend Clark County Technical School at Springfield.

End Outbreak In Cleveland

CLEVELAND, Ohio (AP) — A series of disturbances erupted on Cleveland's East Side Monday night after an 18-year-old white youth was stabbed to death, reportedly by a group of Negroes.

Police said the stabbing death of Donald Wright touched off rock and bottle throwing on Woodland Avenue in a racially mixed neighborhood. Reports of gunshots and firecrackers brought an order for detectives investigating the stabbing to leave the area, and police cordoned off Woodland Avenue from East 93rd to East 112th Streets.

Three white men were arrested in a car at East 93rd Street and Woodland Avenue, and guns were confiscated from the automobile, police said. The men were charged with carrying concealed weapons.

Police said Woodland was blocked off as a precautionary measure, and the area was reported calm early today.

However, looting broke out in the Glenville area to the north. Windows were smashed in at least five stores from East 107th to East 124th Streets on St. Clair Avenue. Police arrested eight men they said broke into a furniture store.

Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. FASTEETH, an alkaline (non-acid) powder to sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, gooey taste or feeling. Features that are essential to health. See your dentist regularly. Get FASTEETH at all drug counters.

Y Day Camp Bus Schedule Announced

Eight Circleville and five county stops will be made by the YMCA Day Camp bus, according to Y Director, Harold Hewitt.

The camp bus will begin its morning rounds at 8 a.m. and will return campers at approximately 4 p.m.

Campers will be picked up at the school nearest their homes and special stops will be made for groups of seven or more.

The daily bus transportation will be included in the camp fee.

FOR the first period, June 31 to July 10, the bus will stop at High Street, Atwater, Nicholas Drive, Mound, St. Joseph, Corwin Street and Williamsport schools.

For the second period, July 14 to July 18, the bus will follow the same schedule for Circleville schools plus Ashville, Walnut, Washington, Pickaway and Saltcreek schools.

The third period, July 21 to July 31, the camp bus will follow the same schedule for Circleville, Ashville and Logan Elm schools.
